The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular

volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

If you are looking for a book that will divulge the secret to making millions of dollars in a short amount of time without working hard at it, then you have the wrong book. If you do find a book providing that information, then put it down and walk away. If that book existed, wouldn't every reader be a millionaire? *Wealth Virtues* by James Ward simplifies the definition of wealth as "the ability to acquire more money than you spend, and to save more than you owe." This ability comes from understanding both your behavior, and the cyclic nature of money. By applying the practice of the Thirteen Virtues of Benjamin Franklin with the Cycle of Positive Wealth, anyone can be wealthy regardless of their current income. It is simply a matter of applying the things you already know into practice. *Wealth Virtues* reveals the simple path to get you there. James Ward is wealthy. Not "John D. Rockefeller wealthy," but rather has more money flowing in than flowing out. He is or has been a successful computer scientist, Coast Guardsman, Army Officer, analyst, musician, graphic designer, skier, manager for a defense contractor, business owner, and a writer. He is also a successful investor, but lives well within his means. As the owner of Poor Richard Web Press, he helps businesses, non-profits, and individuals succeed

with their Internet marketing goals. He also helps other writers with free online marketing tools at BiblioScribe.com, and is a contributor to First Book, and organization that provides new books to children in need. Although his savings and investments continue to grow from the continual practice of Dr. Benjamin Franklin's Thirteen Virtues while following the Cycle of Positive Wealth, he realizes that his only true and most valuable treasure is his family.

Poetry. "I am spending my 39th year practicing uncreativity. On Friday, September 1, 2000, I began retyping the day's NEW YORK TIMES word for word, letter for letter, from the upper left hand corner to the lower right hand corner, page by page." With these words, Kenneth Goldsmith embarked upon a project which he termed "uncreative writing", that is: uncreativity as a constraint-based process; uncreativity as a creative practice. By typing page upon page, making no distinction between article, editorial and advertisement, disregarding all typographic and graphical treatments, Goldsmith levels the daily newspaper. DAY is a monument to the ephemeral, comprised of yesterday's news, a fleeting moment concretized, captured, then reframed into the discourse of literature. "When I reach 40, I hope to have cleansed myself of all
