ISSN: 2397-9607 Issue 329 In this 329th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the English Fairy Tale - "THUMBLING". A poor childless peasant couple wishes for a child "no matter how small" aloud. Seven months later the wife has a small child "no longer than a thumb" which they call "Thumbling" and who becomes a "wise and nimble creature." When Thumbling grows older he wishes to help his father in the chores so one day asks if he can lead their horse to where his father is working by sitting in the horse's ear and giving it directions. As Thumbling performs this chore, two strange men notice the horse being led by a loud voice, and when they find out the voice belongs to a person sitting in the horse's ear, ask the peasant if they can buy Thumbling to "make a fortune" in exhibiting the little man ? and that's when the fun starts. Just what does Thumbling get up to? Is his brain more nimble than those of fully grown people or has he bitten off more than his small body can chew? Well to find the answers to these questions, and others you may have, you will have to download and read this story to find out! **BUY ANY 4 BABA INDABA CHILDREN'S STORIES FOR ONLY \$1** 33% of the profit from the sale of this book will be donated to charities. **INCLUDES LINKS TO DOWNLOAD 8 FREE STORIES** Each issue also has a "WHERE IN THE WORLD - LOOK IT UP" section, where young readers are challenged to look up a place on a map somewhere in the world. Thanks to these generous donors for making the publication of the books in this series possible: Lloyd E. Cotsen; The Maurice Amado Foundation; National Endowment for the Humanities; and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa, Yemen, Lebanon, Syria, and Iraq in the latest volume of the most important collection of Jewish folktales ever published. This is the third book in the multi-volume series in the tradition of Louis Ginzberg's timeless classic, Legends of the Jews. The tales here and the others in this series have been selected from the Israel Folktale Archives (IFA), named in Honor of Dov Noy, at The University of Haifa, a treasure house of Jewish lore that has remained largely unavailable to the entire world until now. Since the creation of the State of Israel, the IFA has collected more than 20,000 tales from newly arrived immigrants, long-lost stories shared by their families from around the world. The tales come from the major ethno-linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs, especially rich in Jewish content and context. Each of the tales is accompanied by in-depth commentary that explains the tale's cultural, historical, and literary background and its similarity to other tales in the IFA collection, and extensive scholarly notes. There is also an introduction that describes the culture and its folk narrative tradition, a world map of the areas covered, illustrations, biographies of the collectors and narrators, tale type and motif indexes, a subject index, and a comprehensive bibliography. Until the establishment of the IFA, we had had only limited access to the wide range of Jewish folk narratives. Even in Israel, the gathering place of the most wide-ranging cross-section of world Jewry, these folktales have remained largely unknown. Many of the communities no longer exist as cohesive societies in their representative lands; the Holocaust, migration, and changes in living styles have made the continuation of these tales impossible. This series is a monument to a rich but vanishing oral tradition. This series is a monument to a rich but vanishing oral tradition.

Long, long ago and far, far away, when this old world was in its tender infancy, there was a child, named Epimetheus, who never had either father or mother; and, that he might not be lonely, another child, fatherless and motherless like himself, was sent from a far country, to live with him, and be his playfellow and helpmate. Her name was Pandora. The first thing that Pandora saw, when she entered the cottage where Epimetheus dwelt, was a great box. And almost the first question which she put to him, after crossing the threshold, was this,— "Epimetheus, what have you in that box?" "My dear little Pandora," answered Epimetheus, "that is a secret, and you must be kind enough not to ask any questions about it. The box was left here to be kept safely, and I do not myself know what it contains." "But who gave it to you?" asked Pandora. "And where did it come from?" "That is a secret, too," replied Epimetheus. What happened next you ask...? Well many things happened, some silly and some serious. To find the answers to these questions, and others you may have, you will have to download and read this story to find out! Try as Pandora might her interest was aroused Until one day Pandora opened the box..... What was in the box you may ask? Did anything jump out and give her a fright? The book Post-Socialist Translation Practices explores how Communism and Socialism, through their hegemonic pressure, found expression in translation practice from the moment of Socialist revolution to the present day. Based on extensive archival research in the archives of the Communist Party and on the interviews with translators and editors of the period the book attempts to outline the typical and defining features of the Socialist translatorial behaviour by re-reading more than 200 translations of children's literature and juvenile fiction published in the Socialist Federal Republic of Yugoslavia (SFRY). Despite the variety of different forms of censorship that the translators in all Socialist states were subject to, the book argues that Socialist translation in different cultural and linguistic environments, especially where the Soviet model tried to impose itself, purged the translated texts of the same or similar elements, in particular of the religious presence. The book also traces how ideologically manipulated translations are still uncritically reprinted and widely circulated today.

The Cinderella story is retold continuously in literature, illustration, music, theatre, ballet, opera, film, and other media, and folklorists have recognized hundreds of distinct forms of Cinderella plots worldwide. The focus of this volume, however, is neither Cinderella as an item of folklore nor its alleged universal meaning. In Cinderella across Cultures, editors Martine Hennard Dutheil de la Rochère, Gillian Lathey, and Monika Wozniak analyze the Cinderella tale as a fascinating, multilayered, and ever-changing story constantly reinvented in different media and traditions. The collection highlights the tale's reception and adaptation in cultural and national contexts across the globe, including those of Italy, France, Germany, Britain, the Netherlands, Poland, and Russia. Contributors shed new light on classic versions of Cinderella by examining the material contexts that shaped them (such as the development of glass artifacts and print techniques), or by analyzing their reception in popular culture (through cheap print and mass media). The first section, "Contextualizing Cinderella," investigates the historical and cultural contexts of literary versions of the tale and their diachronic transformations. The second section, "Regendering Cinderella," tackles innovative and daring literary rewritings of the tale in the twentieth and twenty-first centuries, in particular modern feminist and queer takes on the classic plot. Finally, the third section, "Visualising Cinderella," concerns symbolic transformations of the tale, especially the interaction between text and image and the renewal of the tale's iconographic tradition. The volume offers an invaluable contribution to the study of this particular tale and also to fairy-tale studies overall. Readers interested in the visual arts, in translation studies, or in popular culture, as well as a wider audience wishing to discover the tale anew will delight in this collection.

ISSN: 2397-9607 Issue 338 In this 338th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates two Brownie tales from Devon - "THE BROWNIES RIDE and THE BROWNIES AT SCHOOL". In the first story, the Brownies were coming home from school, these Brownie boys, and they decided to have a lark, crowding around Dot to hear the details of the prospective fun. Dot, the most mischievous of the Brownies, decides to make farmer Grimes and his horses the object of their lark. Well what happened next you ask? Well, to find the answers to these questions, and others you may have, you will have to download and read this story to find out for yourself! In the 2nd story, there was a great commotion in Brownie land, for the good Queen had just sent forth a command that all the Brownie lads and lasses must go to school. She had sent her messenger to all the mothers and fathers, bearing her orders that they must send the children to the old school house early the next evening. They would use the same room that real children used, for they would go to school when most little people were asleep. Well, making human children go to school is hard enough, but Brownie children?? And using the same room as the human children?! Surely this is a recipe for disaster? What happened you ask yourself? As he flies about the city, he meets the statue of the late "Happy Prince", who on reality had never experienced true sorrow, for he lived in a palace where sorrow isn't allowed to enter. Viewing various scenes of people suffering in poverty from his high monument, the Happy Prince asks the swallow to take the ruby from his hilt, the sapphires from his eyes, and the golden leaf covering his body to give to the poor. ISSN: 2397-9607 Issue 370 In this 370th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the Fairy Tale "IAN THE SOLDIER'S SON". ONCE upon a time, long, long ago and far, far away, there dwelt a knight in Grianaig of the land of the West (Scotland), who had three daughters, and for goodness and beauty they had not their like in all the isles. All the people loved them, and loud was the weeping when one day, as the three maidens sat on the rocks on the edge of the sea, dipping their feet in the water, there arose a great beast from under the waves and swept them away beneath the ocean. And none knew whither they had gone, or how to seek them. Now there lived in a town a few miles off a soldier who had three sons, fine youths and strong, and the best players at shinny in that country. At Christmastide that year, when families met together and great feasts were held, Ian, the youngest of the three brothers, said: 'Let us have a match at shinny on the lawn of the knight of Grianaig, for his lawn is wider and the grass smoother than ours.' And so it was done, and Ian won three games from his brothers. But the knight looked out of his window, and was wroth; and bade his men bring the youths before him. When he stood in his hall and beheld them, his heart was softened. After apologising, the youngest son, Ian, said 'Since we have done you wrong, build us a ship, and we will go and seek your daughters. Let them be to windward, or to leeward, or under the four brown boundaries of the sea, we will find them before a year and a day goes by, and will carry them back to Grianaig.' ISSN: 2397-9607 Issue 347 In this 347th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the Greek Fairy Tale "THE THREE GOLDEN APPLES". Have you ever hear of the golden apples, that grew in the garden of the Hesperides? Ah, those were such apples as would bring a great price, by the bushel, if any of them could be found growing in the orchards of nowadays! But there is not, I suppose, a graft of that wonderful fruit on a single tree in the wide world. Not so much as a seed of those apples exists any longer. And, even in the old, old, half-forgotten times, before the garden of the Hesperides was overrun with weeds, a great many people doubted whether there could be real trees that bore apples of solid gold upon their branches. All had heard of them, but nobody remembered to have seen any. Children, nevertheless, used to listen, open-mouthed, to stories of the golden apple-tree, and resolved to discover it, when they should be big enough. Adventurous young men, who desired to do a braver thing than any of their fellows, set out in quest of this fruit. Many of them returned no more; none of them brought back the apples. No wonder that they found it impossible to gather them! It is said that there was a dragon beneath the tree, with a hundred terrible heads, fifty of which were always on the watch, while the other fifty slept. But then the adventure was undertaken by a hero who had enjoyed very little peace or rest since he came into the world. At the time he was wandering through the land with a mighty club in his hand, and a bow and quiver slung across his shoulders. He was dressed in the skin of the biggest and fiercest lion that had ever been seen, and which he himself had killed; although, on the whole, he was kind, generous and noble. Even so, there was a good deal of the lion's fierceness in his heart for his name was Hercules (also known as Heracles). Everywhere he went he asked if anyone had news of the garden or if they could give directions to it. Did Hercules ever get directions to the garden of the Hesperides? Did he ever find his way there, when so many before him had failed? If he did get to the garden was he able to gain entry and did he get to pick a golden apple? So many questions... Illuminating the religious and existential themes in Stephen King's horror stories Who are we? Why are we here? Where do we go when we die? For answers to these questions, people often look to religion. But religion is not the only place seekers turn. Myths, legends, and other stories have given us alternative ways to address the fundamental quandaries of existence. Horror stories, in particular, with their focus on questions of violence and mortality, speak urgently to the primal fears embedded in such existential mysteries. With more than fifty novels to his name, and hundreds of millions of copies sold, few writers have spent more time contemplating those fears than Stephen King. Yet despite being one of the most widely read authors of all time, King is woefully understudied. America's Dark Theologian is the first in-depth investigation into how King treats religion in his horror fiction. Considering works such as Carrie, The Dead Zone, Misery, The Shining, and many more, Douglas Cowan explores the religious imagery, themes, characters, and, most importantly, questions that haunt Stephen King's horror stories. Religion and its trappings are found throughout King's fiction, but what Cowan reveals is a writer skeptical of the certainty of religious belief. Describing himself as a "fallen away" Methodist, King is less concerned with providing answers to our questions, than constantly challenging both those who claim to have answers and the answers they proclaim. Whether he is pondering the existence of other worlds, exploring the origins of religious belief and how it is passed on, probing the nature of the religious experience, or contemplating the

existence of God, King invites us to question everything we think we know.

Samuel D. Fohr holds that the Grimms' tales are not just childish 'fairy tales', but are filled with spiritual symbolism, and as such have value for adults as well as children. Snow White, for example, is a story of creation and spiritual growth, and its message parallels Hindu and Judaic creation myths. Hansel and Gretel and Cinderella both portray the journey back to God. Fohr also looks at recurring themes in the stories, and answers such questions as: Why are giants always evil and dwarves always good? What is the symbolic significance of the hungry wolf who appears in many stories? Exactly what are genies, and why are they always trapped in bottles? A delightful but serious examination of cherished stories, this book reveals new meaning in familiar tales. Also included is an extensive bibliography and an Appendix on the authenticity of the Grimms' tales. The author is a professor of philosophy at the University of Pittsburgh at Bradford. He received his Ph.D. in Philosophy from the University of Michigan and has taught courses in both Western and Eastern Philosophy. He is the author of Adam and Eve: The Spiritual Symbolism of Genesis and Exodus, and editor of more than a dozen volumes of The Collected Works of Rene Guenon. To say that Fohr retrieves fairy tales from the nursery on the one hand, and retrieves them from mere entertainment for adults on the other, is only the start of the matter. Like Freud, Jung, and Levy-Strauss, he recognizes the wisdom folktales embody, but he goes beyond those students of myth in arguing that the authors knew what they were doing: they crafted their tales consciously. This is a courageous and cogent book that goes a long way toward revalidating a literary genre that modernity has irresponsibly trivialized. - Huston Smith, author of The World's Religions, etc.

In this 372nd issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the Fairy Tale "THE TWO CASKETS". ONCE upon a time, long, long ago and far, far away, in the midst of a pine forest, there lived a woman who had both a daughter and a stepdaughter. Ever since her own daughter was born the mother had given her all that she cried for, so she grew up to be as cross and disagreeable as she was ugly. Her stepsister, on the other hand, had spent her childhood in working hard to keep house for her father, who died soon after his second marriage; and she was as much beloved by the neighbours for her goodness and industry as she was for her beauty. As the years went on, the difference between the two girls grew more marked, and the old woman treated her stepdaughter worse than ever, and was always on the watch for some pretext for beating her, or depriving her of her food. Anything, however foolish, was good enough for this, and one day, when she could think of nothing better, she set both the girls to spin while sitting on the low wall of the well. 'And you had better mind what you do,' said she, 'for the one whose thread breaks first shall be thrown to the bottom.' But of course she took good care that her own daughter's flax was fine and strong, while the stepsister had only some coarse stuff, which no one would have thought of using. As might be expected, in a very little while the poor girl's thread snapped, and the old woman, who had been watching from behind a door, seized her stepdaughter by her shoulders, and threw her into the well. 'That is an end of you!' she said. But she was wrong, for it was only the beginning. ONLY the beginning! This means there's more to come. So, what happened next you ask...? It isn't easy being a teen in today's world. More now than ever, it seems that issues are more complicated, distractions more powerful, and faith less important—a spiritually lethal combination for young people trying to chart their own course through life. The Bible studies inside this book are not one-size-fits-all, fill-in-the-blank lessons. These studies address thorny topics with the dual goal of provoking thought and discussion—on both sides of the issue—and connecting youth with the truths found in God's Word. There's no one right answer expected—rather an honest exploration of the subject at hand, with the freedom to stand for personal convictions. You, as the parent or leader, are provided with a road map for navigating topics that range from abuse, spiritualism, and premarital sex to poverty and suffering, ecology, and forgiveness. Questions to pose, scriptures to examine, and ideas for sharing the concepts internalized are included in each lesson. Remember, you can lead teens to the Living Water, but you can't make them drink. You can, however, lead them.

Winner of the National Book Award and National Book Critics Circle Award "A charming book about enchantment, a profound book about fairy tales."—John Updike, *The New York Times Book Review* Bruno Bettelheim was one of the great child psychologists of the twentieth century and perhaps none of his books has been more influential than this revelatory study of fairy tales and their universal importance in understanding childhood development. Analyzing a wide range of traditional stories, from the tales of Sindbad to "The Three Little Pigs," "Hansel and Gretel," and "The Sleeping Beauty," Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one's life.

Interview with the author from Digital Book Today: Ron Vitale turns the fairy tale on its head with a dark and twisted look into the private life of Cinderella and her struggle to find happily ever after in a world of magic and politics. Drawing rave reviews for its creepy and original imagining of the Cinderella fairy tale, Lost: Cinderella's Secret Witch Diaries, and its sequels, Stolen and Found, are available in print and ebook through Amazon. Question: What inspired you to write Lost: Cinderella's Secret Witch Diaries? Answer: My young daughter. Four years ago, my daughter was nearly three years old, and she was infatuated with Princesses and anything pink. While reading to her one night, a question popped into my head: What happens after the happily ever after? I started to think about that and then realized that I had an idea I could sink my teeth into. After Cinderella marries the Prince, the story ends, but I wanted to go beyond that and show Cinderella's struggle after she was married. I just used my imagination and let it run wild, and my readers have connected with what I've come up with in my series. Question: What's your book about? Answer: The book is about Cinderella's coming to terms with her identity. All her life she's been forced to do what she's been told, and it's taken a toll on her. Now she's at a point in her young life in which she has to decide where she wants to go in life and who to be. If I could boil my book down to one phrase, it's simply that women do not have to wait to be rescued by men. Women can rescue themselves. There's no need to wait for a man to save them. Question: Tell us a little about your main character. Answer: Cinderella is young and still innocent. She's married to the Prince but is still trying to find her voice and identity. Now a member of the royal court of England in the late 1700s, Cinderella has tremendous pressure on her to perform and carry the heir to the throne. She's timid, unsure of herself, and searching for a friend to help her find her way. All along, Cinderella looks to others to save her, but slowly she realizes that her Fairy Godmother cannot always be at her side. She needs to find other sources of support to help her deal with tremendous challenges before she loses her way. She desperately searches to find the magic that once saved her from her stepmother and hopes that she can once again be saved. But in her innocence, she stumbles upon a secret that turns her life upside down and causes her to question all that she knows.

ONCE upon a time, long, long ago and far, far away there was, once upon a time, a widow, who had two daughters. The eldest was so much like her in the face and humour, that whoever looked upon the daughter saw the mother. However, they were both so disagreeable, and so proud, that there was no living with them. The youngest, who was the very picture of her father, for courtesy and sweetness of temper, was withal one of the most beautiful girls ever seen. As people naturally love their own likeness, this mother even doated on her eldest daughter, and at the same time had a horrible aversion for

the youngest. She made her eat in the kitchen, and work continually. One day when drawing water at the well the younger sister was asked by an old woman to spare her a drink. This she did willingly and that's things began to change?? Who was the old woman you ask? How did things change? Was it for the better or for the worse?
