The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

The African American Male School Adaptability Crisis (AMSAC) cannot be solved by the school alone. It is a race problem which can only be solved if we black males provide the leadership in tackling our three major demons which now mainly account for the problem: IQ lag-fatherless families-crime. AMSAC had its origin about 100 years ago when, after the death of Washington, DuBois gained ascendancy in our African American Garden of Eden and replaced Washington's brains, property, and character gospel with a civil rights agenda. That agenda has led to a civil-rights fixation and our second bondage, Victimology, wherein being the victim has become part of our core identity and made us psychological slaves. Rather than being proud and self-reliant, disproportionately, we have come to see ourselves as victims who are entitled to system help and special treatment. This bondage – and it is a bondage -- vitiates our manhood and the energy and drive required to pursue the adaptation pathway paved by Washington, but demonized by DuBois. Return to that pathway and we can confront and conquer AMSAC and our three major demons. Guided by history and the research evidence, this book details how. Its 20 chapters make for long reading, but, just by reading the first and last chapters, you can get the message. The motto of the proposed evidence-based experimental program, the African American Male Career Pathway Program (AMCAP). A special appeal is made to black athletes and entertainers to help propagate this motto and support the proposed high school student clubs (Student AMCAPs) in its implementation. This book dives into student development theory, unpacking key foundational and emergent theories of college student development while providing contemporary examples and application. Showcasing a diversity of programs, practices, and services across a variety of institutional types, Applying Student Development Theories Holistically demonstrates how professionals are intertwining the science of theory with the art of practice in multidimensional, holistic ways. Helping aspiring higher education and student affairs practitioners grasp and use theories holistically, this important text brings to life theoretical knowledge to enhance the development and learning of college and university students.

A compelling, important addition to Hill Harper's bestselling series, inspired by the numerous young inmates who write to him seeking guidance After the publication of the bestselling Letters to a Young Brother, accomplished actor and speaker Hill Harper began to receive an increasing number of moving letters from inmates who yearned for a connection with a successful role model. With disturbing statistics on African-American incarceration on his mind (one in six black men were incarcerated as of 2001, and one in three can now expect to go to prison some time in their lifetimes), Harper set out to address the specific needs of inmates. A powerful message from the heart, Letters to an Incarcerated Brother provides advice and inspiration in the face of despair along with encouraging words for restoring a sense of self-worth. As the founder of Manifest Your Destiny, a nonprofit outreach program for at-risk teens, Harper has seen firsthand the transformative effect of mentorship and the power of a positive role model. This latest addition to Hill Harper's Letters series delivers visionary, compassionate responses to the real-life circumstances of inmates. As with the other Letters books, Harper includes moving contributions from top educators, activists, thought leaders, and entertainers. Uplifting and insightful, Letters to an Incarcerated Brother provides the hope and inspiration inmates and their families need.

Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows

teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, Literature for Young Adults includes chapters on literary nonfiction; poetry, short stories, and drama; cover art, picture books, illustrated literature, and graphic novels; and film. It recognizes that, while films can be used to complement print literature, they are also a literacy format in their own right-and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language--including traditional elements as well as metafictional terms--enables readers to share in a literary conversation with their students (and others) when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.

A first book for adults by the NAACP award-winning author of Letters to a Young Sister counsels parents on how to counter disturbing trends in single-parent African-American households, addressing such topics as maturity, dating, and communication.

In his first book for adults, New York Times bestselling author Hill Harper invites you to join the Conversation: an honest dialogue about the breakdown of African-American relationships. For generations African Americans have turned to their families in times of need – but now, this proud and strong legacy is in peril. Black men and women have stopped communicating effectively and it threatens the very relationships and marriages necessary to sustain the Black family. Today, less than a third of Black children are being raised in two-parent households, a sharp decline from past generations. So, why is it so difficult for Black men and women to build long-term, loving and mutually beneficial relationships? What is happening in the community that makes it so hard for women and men to find their way to each other? And why are there so few people who manage to hold a marriage together, even after finding a person to love? In his moving yet practical book, Hill Harper undertakes a journey both universal and deeply personal in search of answers to these questions. He has conversations with friends and strangers –married, single and divorced – and learns about their private struggles, emotional vulnerabilities, and real concerns, and begins to see common themes emerge. As his journey picks up momentum, Hill begins to recognize his own struggles in other people's stories, and is encouraged to more deeply examine his own relationship issues. Why does so much misinformation and mistrust exist between the sexes? Hill addresses the stereotypes that have developed in the Black community, in the hope that by addressing the challenges, Black men and women can find their way to common ground. The Conversation aims to open up the lines of communication, and offers inspiration to those who want to take control of this crisis and start building successful, sustainable relationships.

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Author and activist Kevin Powell and contributors Lasana Omar Hotep, Jeff Johnson, Byron Hurt, Dr. William Jelani Cobb, Ryan Mack, Kendrick B. Nathaniel, and Dr. Andre L. Brown tap into the social and political climate rising in the African American community with this collection of essays for Black males on surviving, living, and winning. The Black Male Handbook answers a collective hunger for new direction, fresh solutions to old problems, and a different kind of conversation—man-to-man and with Black male voices, all of the hip hop generation. The book tackles issues related to political, practical, cultural, and spiritual matters, and ending violence against women and girls. The book also features an appendix filled with useful readings, advice, and resources. The Black Male Handbook is a blueprint for those aspiring to thrive against the odds in America today. This is a must-have book, not only for Black male readers, but the women who befriend, parent, partner, and love them.

Unlike the media would have you believe, most black males find great value in education. They want to believe that they have a special gift and that they can make a difference in the world. The problem is that they have ill feelings about how society has deprived them of the most qualified teachers and the best ways to be engaged in their own education. As a consequence of repeatedly being marginalized, criticized, and put down by society and teachers, they do not feel motivated to attend school or to produce outstanding academic work. The Secrets for Motivating, Educating, and Lifting the Spirit of African American Males contains essays that center on how to help educators and parents to equip young black males with the drive necessary to craft fulfilling lives for themselves so they don't slip through the cracks in the educational system. "Historically, we are still dealing with what happens to the image of Black people in the minds of white people. A book like this helps to make certain that the information teachers provide to all students—regardless of their race—will help them understand that the history of this country has made generation after generation of black students see themselves as academically and socially inferior to white people. Most importantly, it's the teachers—not just black teachers, but all teachers—who have to understand the power they have to change the mindset of society. Changing how society thinks about Black people, particularly Black males, is a task teachers can truly accomplish because they have the power to create lesson plans that challenge how students think about each other. For such lessons are important for changing the attitudes and beliefs of the entire community in which we live." – REVEREND C.T. VIVIAN, A Pioneer of the Civil Rights Movement, Author, Educator, and a Close Friend of Reverend Dr. Martin Luther King, Jr. "This book provides a fresh perspective for understanding the problems associated with the education of Black males. As a minister, I have not encountered a project that gathers the collective wisdom of a group of over 20 Black male

educators who are dedicated to helping the world save young Black males. When all their ideas come together, they are bound to create a storm of new thinking about how all of us can work together. As a spiritual leader, my role is to help young Black males understand that the same God that was in Dr. King is the same God that is in them. This is a difficult lesson for some Black males who have been brainwashed to see themselves as having no say about the outcome of their lives. This book will help us, including those in the ministry, to reevaluate the thinking patterns of our boys so that we can better prepare them for the critical thinking that is required for life in the 21st century.” – REVEREND ROBERT KILGORE, Assistant Pastor at Hillside International Truth Center, Atlanta, GA

From a renowned sociologist, the wisdom of saying goodbye Sara Lawrence-Lightfoot is enthralled by exits: long farewells, quick goodbyes, sudden endings, the ordinary and the extraordinary. There's a relationship, she attests, between small goodbyes and our ability "to master and mark the larger farewells." In *Exit*, her tenth book, she explores the ways we leave one thing and move on to the next; how we anticipate, define, and reflect on our departures; our epiphanies that something is over and done with. Lawrence-Lightfoot, a sociologist and a professor at the Harvard Graduate School of Education, has interviewed more than a dozen women and men in states of major change, and she paints their portraits with sympathy and insight: a gay man who finds home and wholeness after coming out; a sixteen-year-old boy forced to leave Iran in the midst of the violent civil war; a Catholic priest who leaves the church he has always been devoted to, the life he has loved, and the work that has been deeply fulfilling; an anthropologist who carefully stages her departure from her "field" after four years of research; and many more. Too often, Lawrence-Lightfoot believes, we exalt new beginnings at the expense of learning from our goodbyes. *Exit* finds wisdom and perspective in the possibility of moving on and marks the start of a new conversation, to help us discover how we might make our exits with purpose and dignity.
