

Cat 325 Operation And Maintenance Manual

Presents detailed information on individual programs and appropriation accounts that constitute the budget. Includes for each Government department and agency the text of proposed appropriations language, budget schedules for each account, new legislative proposals, and explanations of the work to be performed and the funds needed, and proposed general provisions applicable to the appropriations of entire agencies or groups of agencies. NOTE: NO FURTHER DISCOUNTS FOR ALREADY REDUCED SALE ITEMS.

The first review of the three-year PRGF arrangement approved on May 2, 2001, has been delayed to give the authorities time to rectify weaknesses in program execution during a four-month consolidation period by meeting specified revenue and expenditure targets set for that period. The medium-term macroeconomic framework underpinning the poverty reduction strategy paper is consistent with that of the initial poverty reduction growth facility (PRGF)-supported program approved. The public enterprise restructuring and privatization program remains a key element of the structural reform agenda.

Includes the Report of the Mississippi River Commission, 1881-19 .
