Excerpt: All the Way... A Decade of Song is the first English-language greatest hits album by Canadian recording artist Celine Dion. Released by Sony Music Entertainment on November 12, 1999, it features nine previously-released and seven new recordings. Dion worked on new songs mainly with David Foster, other producers include: Max Martin, Kristian Lundin, Robert John "Mutt" Lange, James Horner and Matt Serletic. All the Way... A Decade of Song garnered positive reviews from music critics. They praised the first uptempo single "That's the Way It Is" and a ballad "If Walls Could Talk." Some criticism was directed towards including a small number of hits and many new recordings. Despite that, the album became a commercial success throughout the world and peaked at number one in every major music market around the globe. All the Way... A Decade of Song has sold 7,968,000 copies in the United States as of September 11, 2011, according to Nielsen SoundScan. It has also sold over five million copies in Europe and shipped two million copies in Japan and one million in Canada. During the first two years of its release, the album had sold over 20...

On 28 July 1956, the Record Mirror published the first British albums chart. In the 57 years since, 11233 records have entered the top 40. This book lists the 1000 biggest of those hits. The list is calculated solely from chart positions, not sales figures. These are the biggest chart performers, not the biggest sellers. Indeed, "Greatest Hits" by Queen, the biggest selling album ever in the UK, is only at no. 42 in this list.

All the songs from Celine Dion's greatest hits album, expertly arranged by the world-renowned leader in piano arranging, Dan Coates. This book is an industry first: Celine Dion's music has never been available before for easy piano. Titles are: The Power of Love * If You Asked Me To * Beauty and the Beast * Because You Loved Me (Theme from Up Close and Personal) * It's All Coming Back to Me Now * Love Can Move Mountains * To Love You More * My Heart Will Go On (Love Theme from Titanic) * I'm Your Angel (Duet with R. Kelly) * That's the Way It Is * If These Walls Could Talk * The First Time Ever I Saw Your Face * All the Way * Then You Look at Me * I Want You to Need Me * Live.

The most prominent Web applications in use today are data-intensive. Scores of database management systems across the Internet access and maintain large amounts of structured data for e-commerce, on-line trading, banking, digital libraries, and other high-volume sites. Developing and maintaining these data-intensive applications is an especially complex, multi-disciplinary activity, requiring all the tools and techniques that software engineering can provide. This book represents a breakthrough for Web application developers. Using hundreds of illustrations and an elegant intuitive modeling language, the authors—all internationally-known database researchers—present a methodology that fully exploits the conceptual modeling approach of software engineering, from idea to application. Readers will learn not only how to harness the design technologies of relational databases for use on the Web, but also how to transform their conceptual designs of data-intensive Web applications into effective software components. * A fully self-contained introduction and practitioner's guide suitable for both technical and non-technical members of staff, as well as students. * A methodology, development process, and notation (WebML) based on common practice but optimized for the unique challenges of high-volume Web applications. * Completely platform- and product-independent; even the use of WebML is optional. * Based on well-known industry standards such as UML and the Entity Relationship Model. * Enhanced by its own Web site (<http://www.webml.org>), containing additional examples, papers, teaching materials, developers' resources, and exercises with solutions.

Excerpt: Celine: Through the Eyes of the World is the title of the documentary-concert film chronicling the life of Canadian singer, Celine Dion during her Taking Chances Tour. It premiered on February 16, 2010 in Miami Florida. The movie was released in cinemas on February 17, 2010 by The Hot Ticket, a division of Sony Pictures Entertainment. In French-speaking countries, the film is titled Celine autour du monde. The advance movie screening of Celine autour du monde was in Quebec on February 11, 2010. Promotional screenshot from the film. During the 2008-09 Taking Chances Tour, Dion played concerts in 5 continents, 25 countries and 93 cities. Her first tour in 9 years was wildly successful, selling over 3 million tickets. A small team did 800 hours of filming from South Africa to Omaha. The photo director Jean-Francois Perrault captured many great images of Dion all around the world. Intercutting concert performances of Dion's biggest hits with behind the scenes footage, the documentary depicts singer's life during the Taking Chances Tour, giving fans "the unique opportunity to follow Celine everywhere, on stage, backstage, enjoying free time with her family; this movie will show it all." Sony's president of worldwide distribution, Rory Bruer said of the film:

"For fans, this is a chance to both hear an artist in a theater setting with great sound, as well as take a look inside their lives. It...
