The National Fire Protection Association (NFPA) and the International Association of Fire Chiefs (IAFC) are pleased to bring you product enhancements and features that ensure student comprehension and enhanced critical thinking. The Fourth Edition features the same exceptional content, along with the latest research, standards and technology, including the latest research-based data from Underwriters Laboratories (UL) and the National Institute of Standards and Technology (NIST). Understanding that today's fires release energy faster, reach flashover potential sooner, and may reach higher temperatures than building fires of the past is critically important for new and seasoned fire fighters. This foundational knowledge is covered extensively, in addition to recent data identifying the higher rate of physical and mental health issues in the fire service than the general population. Information relating to fire fighter health and safety has been revised and updated to include behavioral and physical health awareness topics and statistics. The new edition meets and exceeds the performance requirements in the latest edition of NFPA1001: Standard for Fire Fighter Professional Qualifications. Along with a new design, the structure and organization of the Fourth Edition has been

This book is intended for anyone whose job involves writing formal documentation. It is aimed at non-native speakers of English, but should also be of use for native speakers who have no training in technical writing.

Technical writing is a skill that you can learn and this book outlines some simple ideas for writing clear documentation that will reflect well on your company, its image and its brand. The book has four parts: Structure and Content: Through examples, you will learn best practices in writing the various sections of a manual and what content to include. Clear Unambiguous English: You will learn how to write short clear sentences and paragraphs whose meaning will be immediately clear to the reader. Layout and Order Information: Here you will find guidelines on style issues, e.g., headings, bullets, punctuation and capitalization. Typical Grammar and Vocabulary Mistakes: This section is divided alphabetically and covers grammatical and vocabulary issues that are typical of user manuals.
