Feminism and 'The Schooling Scandal' brings together feminist contributions from two generations of educational researchers, evaluating and celebrating the field of gender and education. The focus throughout is on the years of compulsory schooling, examining key concepts in gender and education identified and developed by international thinkers in educational feminism. Topics covered include: social class, ethnicity and sexuality in relation to experiences in school; theories and methodologies for understanding gender; pedagogy and practice in education; and the direction of educational policy and the 'problem of boys'. Providing a comprehensive overview of contemporary research and theory emerging from 'second wave' feminism and assessing their impact on pupils and teachers in today's schools and classrooms, this book forms essential reading for anyone studying gender and education.

'Original, thought-provoking' - Elizabeth Macneal 'a delightful read . . . beautifully observed' - Daily Mail  
Mona and Wolfie have lived on Victoria Park for over fifty years. Now, on the eve of their sixty-fifth wedding anniversary, they must decide how to navigate Mona's declining health. Bookended by the touching exploration of their love, Victoria Park follows the disparate lives of twelve people over the course of a single year. Told from their multiple perspectives in episodes which capture feelings of alienation and connection, the lingering memory of an acid attack in the park sends ripples of unease through the community. By the end of the novel, their carefully interwoven tales create a rich tapestry of resilience, love and loss. With sharply observed insight into contemporary urban life, and characters we take to our hearts, Gemma Reeves has written a moving, uplifting debut which reflects those universal experiences that connect us all.

'A frank, funny and long overdue ode to teachers and teaching' Adam Kay The malodorous

horrors of Sports Day. Bracing yourself for Parents' Evening. Refereeing teenage relationship dramas. This is not what you see in the adverts. From the age of eight, Ryan Wilson dreamt of being a teacher. This is the inside story of his time at the chalkface, from fresh-faced trainee with grand ideals to exhausted assistant head battling ever-changing government demands. It is a tribute to the colleagues who befriended him and to the chaotic, brilliant, maddening students who inspired and enraged him. From Sean, the wannabe gangster with a soft heart, to David, the king of innuendo, and terrifyingly clever Amelia. And, above all, it's about the lessons they taught him: how to be patient and resilient, how to live authentically and how to value every day. 'Hilarious, inspiring and so terrifyingly true' Lucy Kellaway 'A delightfully frank and funny book -- with a very serious message' Jacqueline Wilson 'Not just funny and constantly surprising -- but touching, poignant and personal too' Jeremy Vine 'A hilarious love letter to teaching - and to teenagers. It throws open the doors to the staff room and our ears to the gossip inside' Christie Watson 'I was captivated by Ryan Wilson's honesty and vulnerability and loved reading and exploring every minute of this familiar world' Andria Zafirakou 'Laugh out loud funny -- every teacher who reads it will cringe with empathy' Laura McInerney

The book is a cutting-edge contribution to the debate which has occurred for some time on the pros and cons of secondary education becoming more closely and explicitly related to preparing young people for the world of work. The book provides concrete examples of the vocationalisation of secondary education, with particular reference to the situation in Africa. The target audience for the book includes policy-makers, practitioners, administrators, education planners, researchers, teachers and teacher educators with a concern about the relationship between secondary education and education for the world of work (with particular

This autoethnography highlights the experiences of school leaders, teachers, university staff and students, and globally minded citizens working alongside local communities to enhance the quality of education for children in rural and remote schools in eight developing countries. In their history of Cornell since 1940, Glenn C. Altschuler and Isaac Kramnick examine the institution in the context of the emergence of the modern research university. The book examines Cornell during the Cold War, the civil rights movement, Vietnam, antiapartheid protests, the ups and downs of varsity athletics, the women's movement, the opening of relations with China, and the creation of Cornell NYC Tech. It relates profound, fascinating, and little-known incidents involving the faculty, administration, and student life, connecting them to the "Cornell idea" of freedom and responsibility. The authors had access to all existing papers of the presidents of Cornell, which deeply informs their respectful but unvarnished portrait of the university. Institutions, like individuals, develop narratives about themselves.

Cornell constructed its sense of self, of how it was special and different, on the eve of World War II, when America defended democracy from fascist dictatorship. Cornell's fifth president, Edmund Ezra Day, and Carl Becker, its preeminent historian, discerned what they called a Cornell "soul," a Cornell "character," a Cornell "personality," a Cornell "tradition"—and they called it "freedom." "The Cornell idea" was tested and contested in Cornell's second seventy-five years. Cornellians used the ideals of freedom and responsibility as weapons for change—and justifications for retaining the status quo; to protect academic freedom—and to rein in radical professors; to end in loco parentis and parietal rules, to preempt panty raids, pornography, and pot parties, and to reintroduce regulations to protect and promote the physical and emotional well-being of students; to add nanofabrication, entrepreneurship, and genomics to the curriculum—and to require language courses, freshmen writing, and physical education. In the name of freedom (and responsibility), black students occupied Willard Straight Hall, the anti-Vietnam War SDS took over the Engineering Library, proponents of divestment from South Africa built campus shantytowns, and Latinos seized Day Hall. In the name of responsibility (and freedom), the university reclaimed them. The history of Cornell since World War II, Altschuler and Kramnick believe, is in large part a set of variations on the narrative of freedom and its partner, responsibility, the obligation to others and to one's self to do what is right and useful, with a principled commitment to the Cornell community—and to the world outside the Eddy Street gate.

The year is 1999. Connemara is braced for the new millennium. 'No Scrubs' rules the airwaves, bootleg DVDs of Cruel Intentions are thrilling crowds of sexually progressive teens, and if you're not matching combat trousers with platforms, you are nobody. In the midst of this perplexing world, a girl named Ciara, inspired by her heroes Anne Frank and Aung San Suu Kyi, begins to document her not dissimilar struggles – against pushy parents, mysterious boys and the stubborn non-appearance of boobs. The road ahead will be tough, but she must persevere: How else will she find fame, fortune and love in the spandex-clad arms of Dean Cain? Based on the cult radio segment of the same name, Ciara's Diary is a fresh and funny trip through the warped mind of a turn-of-the-century teenager. The spiritual successor to Adrian Mole, albeit with more shifting, Ciara's Diary is a must-read for anyone who remembers dancing to 'Maniac 2000' at the parish disco.

\*\* From the author of *Mayflies* \*\* 'A beautiful, elegaic work . . . This should be required reading for everybody.' Ian Rankin Shortlisted for the Booker Prize, *Our Fathers* is a powerful reclamation of the past from one of Britain's most accomplished literary

novelists. Hugh Bawn, modern Scottish hero and legendary social reformer, lies dying in one of the high-rise tower blocks he helped establish. His grandson Jamie comes home to watch over him, and it is Jamie who tells the story of their family, of three generations of pride and delusion, of nationality and strong drink, of Catholic faith and the end of the old left. It is a tale of dark hearts and modern houses - of three men in search of Utopia.

THIS IS MY FIRST EVER OFFICIAL BOOK! Aloha Sprinklerinos! Imagine you are in one of those glorious vintage shops where every surface is laden with treasure. Cut glass, pill boxes, old cameras, pendants, chests of drawers and stacks and stacks of books. This book is like that. Each chapter is one of those gem encrusted tins that you can open, peep inside and enjoy. You can either methodically wander the entire shop, looking at each individual item in order, or, you can dance around with wild abandon, opening and closing whatever you like, whenever you like. You can take in tiny bits of it at a time or you can devour it all in one go. I don't mind. I don't mind how you go about it; all that matters to me is that you take something from it. Divided into four sections: Glitz, Create, Need to Knowsand All About Love, you'll find all my little tips and tricks, stories and insights and nuggets of advice. I want you to walk away from this book feeling uplifted. I want you to feel as though you are equipped to deal with something in your life and deal with it in the best possible, positive way. I want to show you how I find so much joy and enrichment in my life and how you can do it too, with just a Sprinkle of
