Essential knowledge of International Financial Reporting Standards for students of global accounting This important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting. By presenting IFRS in light of current accounting practice, this book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. With this revised and updated Fourth Edition, students will develop a firm conceptual understanding of IFRS, as well as the ability to integrate their learning through practical exercises. Throughout this text, Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards and how they are applied in practice Takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP, and other important standards Emphasizes practical application of knowledge with end-of-chapter Review and Practice sections Provides authoritative references and citations to ensure content reliability and provide opportunities for further study Includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes As IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards, and prepared to keep up with the rapid changes in the international environment. Intermediate Accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level. Presented in a question-answer format, "Problems and Solutions in Advanced Accounting for CA Intermediate" is specially designed for the students who are preparing for Group-II, Paper 5: Advanced Accounting. The content has been carefully carved out to cover the problems that are most frequently asked in examinations and are aligned to the syllabus. Care has been

taken to include problems of simple as well as complex nature and solutions to most of the problems have been provided in a step-by-step manner which makes it easier for the student to understand the concepts and fetch marks. Salient Features: ? Content is strictly aligned to the topical flow as guided by the syllabus of ICAI. ? Coverage of Questions from RTPs and MTPs of ICAI examination. ? Adopters and reviewers praise Intermediate Accounting, 4e, by Spiceland/Sepe/Tomassini for its superior readability, strong supplements package/learning system, good EOC, real-world flavor, consistent quality; and high student engagement. SST 4e will gain support in both traditional and progressive accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts. The authors have created a flexible text with a student friendly writing style that focuses on explaining not only how to apply a procedure, but why it's applied. SST 4e is built around a "Learning System" designed to prepare students for the new CPA exam and the business world, by emphasizing decision making. Acknowledging the diversity of students and their learning styles, the authors have created a clear text and varied supplemental materials to aid the success of every student. SST 4e also provides a flexible and consistent supplemental package for instructors.

Intermediate Accounting presents accounting from the perspective of essential activities of business: operating, investing, and financing. Students will see accounting as it is in the real world -- an essential component of the management function and decision-making process.

Accounts being a tough practical subject, students find it difficult to keep up with the theoretical concepts and practical problems at the same time. There remains a need for the book which helps students practice ample problems on every topic and be exam ready. Keeping this in mind, the authors present Problems and Solutions in Accounting to cater to the needs of CA Intermediate students appearing for Group-I, Paper 1: Accounting as per the new syllabus scheme of ICAI. The book has been neatly organised into Sections and Sub-sections each dedicated to fundamental topics of Accounting. For easy, navigation through a chapter, the number of problems dedicated to a topic and the type of problems covered have been listed in detail at the beginning. Salient Features: ? Content is strictly aligned to the topical flow as guided by the
