Thanks to the advances in computer technology, even tiny companies can produce slick, professional publications. Writing and Designing Manuals, Third Edition guides you through the messy, complex, frustrating, and fascinating business of producing manuals.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Previously published as one volume under same title.

Explains how to repair power tools and equipment. Includes a troubleshooting guide.

This new book is more than a simple engine repair manual. Designed for the beginner with little or no mechanical experience, Small Engines & Outdoor Power Equipment is a graphically appealing, step-by-step guide that covers all of the most important engine maintenance and repair skills you'll need to keep your equipment running at peak performance. It also shows exactly how to perform mechanical upkeep and repairs on the most common outdoor power implements, including lawn mowers, snow blowers, chain saws, power washers, generators, leaf blowers, rototillers, wood splitters, lawn edgers, and weed whips. With clear 'how-to' photos and detailed diagrams, you'll see exactly what needs to be done. A comprehensive troubleshooting guide helps you define problems and enact solutions. With Small Engines & Outdoor Power Equipment in your library, you won't need to haul the lawn mower off to the repair center and wait a few weeks just because a filter is plugged or the old gas needs to be replaced. Among the many skills you'll learn are seasonal tune-ups, changing oil, servicing spark plugs, cleaning filters, replacing muffler, servicing the fuel tank, overhauling the carburetor, servicing brakes, inspecting flywheels, replacing the fuel pump, and replacing a rewind cord.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.
