Three riveting essays by some of National Geographic magazine's most highly esteemed writers explore the canine-human relationship and what scientists are learning from dogs. "Dogs and people, people and dogs: It's a love story so old no one knows how it started," wrote Angus Phillips in "Wolf to Woof." Filled with cutting edge research covering everything from domestication, breeding, and the bonds of devotion, these linked stories are custom-selected for everyone who loves dogs. Filled with amazing facts, colorful anecdotes and accessible science, this affordable ebook provides a fascinating guide to some of the world's most beloved creatures.

Unlike the myriad writing manuals that emphasize grammar, sentence structure, and other skills necessary for entry-level editing jobs, this engaging book adopts a broader view, beginning with the larger topics of audience, mission, and tone, and working its way down, layer by layer, to the smaller questions of grammar and punctuation. Based on Michael Evans's years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines—including The Atlantic, Better Homes and Gardens, Ebony, Esquire, and National Geographic—this book reveals the people-oriented nature of the job.

A popular series of guidebooks for the modern-day traveler offering information on cities and countries around the world continues, presenting up-to-date backgrounds and descriptions, detailed maps, hundreds of photographs and much more, including walking and driving tours, visitor information directories and cultural sidebars.

A history of knowledge The best infographics from the National Geographic archives Back in the days when the information age was a distant dream and the world a more mysterious place, National Geographic began its mission to reveal the wonders of history, popular science, and culture to eager audiences around the globe. Since that 1888 launch, the world has changed; empires have risen and crumbled and a galaxy of information is today only the click of a mouse away. But National Geographic endures; its calm, authoritative voice is respected as ever amid the surfeit of data in our daily lives. In this new anthology, TASCHEN and National Geographic gather the magazine's best infographics of the past 128 years. Through seven sections—History, The Planet, Being Human, Animal World, World of Plants, Science and Technology, and Space—we encounter the rise and fall of the Roman Empire, the mysterious origins of the Easter Island statues, Cleopatra's Alexandria and a history of Hawaiian surfboarding, all distilled in expert, accessible graphic form. We discover how our genetic patterns have been pieced together over the years or how hip-hop emerged as a cultural heavyweight; we get to grips with global warming, and explore our ever-expanding study of an ever-expanding universe. With an essay by Nigel Holmes, charting the evolution of National Geographic over the decades and its pioneering use of graphics, as well as four fold-outs mimicking original pull-outs or inserts in the magazine, the book stands as a defining record of one of the world's best-known publications as much as it is a beautifully presented repository of discovery and learning. Visualizing the histories, facts, and figures that make up our planet and our species, National Geographic Infographics is as true to the magazine's original mission as ever—an anchor of knowledge and a wunderkammer of wisdom. Text in English, French, and German

Excerpt from Scenes From Every Land: A Collection of 250 Illustrations From the National Geographic Magazine, Picturing the People, Natural Phenomena, and Animal Life in All Parts of the World All the pictures in this collection have previously appeared in the national geographic magazine; so that those who desire further information can turn to the original number of the Magazine. The bibliography is intended merely as a guide to reliable books, which can be easily secured. The list aims to be convenient rather than exhaustive. »Man sieht nur mit dem Herzen gut. Das Wichtigste ist für die Augen unsichtbar.« Im Jahr 1942 kritzelte Antoine de Saint-Exupéry erste Entwürfe des kleinen Prinzen auf eine New Yorker Restaurantserviette.

Später wurde seine magische und geheimnisvolle Geschichte zum Jahrhundertwerk, über 80 Millionen Mal verkauft und in 180 Sprachen übersetzt. Der König, dem die Sterne gehorchen, die widersprüchliche Blume, der gezähmte Fuchs und die Erkenntnis, dass Erwachsene seltsam sind: ›Der kleine Prinz‹ wurde poetisch und kunstvoll einfach vom brillanten Erzähler Peter Stamm ins Deutsche übertragen.

This fully revised and updated edition of Feature and Magazine Writing covers everything from finding original ideas to locating expert sources. Everybody wants to be their own boss. For that to happen, you need to do some research and enough capital. The same rules apply for anyone who wants to start their own magazine Publishing. The success of your magazine publication will depend greatly on the content. If you are doing something similar to what Cosmopolitan or Vogue is doing, chances are you won't even make a dent in the market because you don't have anything new to offer. In order to sell your magazine off the stands, you must feature something different.

From famous Bondi beach in Sydney to massive Ayers Rock in the remote desert Outback, from rough-and-tumble gold-mining towns in Australia's far west to the incredible underwater vistas of the Great Barrier Reef, long-time Oz resident Roff Smith guides you through the incredibly varied land- and cityscapes that is modern Australia. Illustrated with more than 250 vivid photographs and nearly 30 detailed, full-color maps, this guide gives you every tool you need to plan a trip to the unique land on the other side of the world. Starting with a detailed introduction to Australia's history, food, land, and culture-factors that have clearly shaped the distinctive character of the Australian people-the book explores every corner of the country starting with Sydney, the gleaming cosmopolitan jewel in New South Wales. Special sidebars give detailed information on many topics such as Australian wine, cricket, bush fires, Aboriginal art, and the many cultural festivals of Southern Australia. In addition, the book features seven guided drives through some of the land's more spectacular scenery and numerous guided walks in Sydney and Melbourne. A thorough Travelwise section recommends hotels and restaurants throughout the country in all price ranges. Whether you're visiting the lush forests and wildflowers of the Snowy Mountains, fishing for trout in the rivers of Tasmania, or taking in a concert at Sydney's world-famous Opera House, this guide has everything needed for a memorable trip.
