Expands the second edition of 1984 from 32 to 45 chapters. Provides information to assist the fitter in the practical management of a contact lens practice. Covers the new modalities of gas-permeable, extended-wear, disposable, and bifocal lenses. Includes 48 full-color and 18 two-color illustration

This volume contains the proceedings of a Workshop convened by the Institute of Petroleum, London. The meeting was held to review toxicity testing research in Europe and to discuss critically the many problems that have been experienced by leading workers in the field. The book contains papers from leading European research workers in the oil and dispersant toxicity testing field together with a critical review of the papers presented and a full report of the ensuing discussion.

"A practical magazine dealing with houses, furniture and equipment, gardens." [sic]

Vols. 7- include "Abstracts" which, beginning with v. 9 form a separately paged section, and from v. 17 on, have separate title pages.

Includes special issues.
