When Sydney Metcalf's bestie asks her to cater her wedding, Syd can't say no, even though the thought of going back to her hometown makes her break out in hives. She's off to a great start until best man and rock god Lazlo Stone calls with a request for her to cater the bachelor party too. Petit fours adorned with rose petals, she can handle. A cake shaped like boobs for the sexiest guy in the universe? She's not so sure. But this is the chance of a lifetime and she refuses to screw it up by being a prude... When a sexy stripper dressed as a Plain Jane crashes the bachelor party, Laz is all about getting vertical and making some music with her. Too bad his stripper is really the caterer and the bride's best friend. After a kiss between them blazes out of control, he can't seem to stop thinking about sweet little Syd. But everybody knows, life on the road and love don't mix...

Entertainment journalist Lita Matthews is on the verge of making it big. As in her-own-TV-show big. She just needs amazing inside scoop on the year's hottest celebrity wedding. Instead, her big break is becoming a big nightmare—all thanks to rock star Rocky Cardano. Who apparently hasn't gotten over what happened between them four years ago... Rocky is pretty damn familiar with just how far Lita will go for a "scoop." Hell, their unbelievably hot hook-up in Mexico years ago was the story of a lifetime. Rocky's learned his lessons. He'll do whatever it takes to keep her from the story—even if he has to seduce her to the point of distraction! But Lita has always had a way of getting under his skin. Only this time, he won't be able to just walk away...

Heads: A Biography of Psychedelic America uncovers a hidden history of the biggest psychedelic distribution and

belief system the world has ever known. Through a collection of fast-paced interlocking narratives, it animates the tale of an alternate America and its wide-eyed citizens: the LSD-slinging graffiti writers of Central Park, the Dead-loving AI scientists of Stanford, utopian Whole Earth homesteaders, black market chemists, government-wanted Anonymous hackers, rogue explorers, East Village bluegrass pickers, spiritual seekers, Internet pioneers, entrepreneurs, pranksters, pioneering DJs, and a nation of Deadheads. WFMU DJ and veteran music writer Jesse Jarnow draws on extensive new firsthand accounts from many never-before-interviewed subjects and a wealth of deep archival research to create a comic-book-colored and panoramic American landscape, taking readers for a guided tour of the hippie highway filled with lit-up explorers, peak trips, big busts, and scenic vistas, from Vermont to the Pacific Northwest, from the old world head capitals of San Francisco and New York to the geodesic dome-dotted valleys of Colorado and New Mexico. And with the psychedelic research moving into the mainstream for the first time in decades, Heads also recounts the story of the quiet entheogenic revolution that for years has been brewing resiliently in the Dead's Technicolor shadow. Featuring over four dozen images, many never before seen—including pop artist Keith Haring's first publicly sold work—Heads weaves one of the 20th and 21st centuries' most misunderstood subcultures into the fabric of the nation's history. Written for anyone who wondered what happened to the heads after the Acid Tests, through the '70s, during the Drug War, and on to the psychedelic present, Heads collects the essential history of how LSD, Deadheads, tie-dye, and the occasional bad trip have become familiar features of the American experience.

malignity of an Evil Eye. The Holy Scriptures in their original languages contain no less than twenty-four references to the Evil Eye, although this is obscured by most modern Bible translations. John H. Elliott's *Beware the Evil Eye* describes this belief and associated practices, its history, its voluminous appearances in ancient cultures, and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible. The four volumes cover the ancient world from Sumer to the Middle Ages.

A cofounder and the bassist of the heavy metal band Megadeth shares his uplifting and empowering memoir about overcoming addiction and dedicating his life to God.

A meditation on the relationship between pop star and pop fan, this intriguing and thoroughly entertaining epistolary novel tracks a 30-year, one-way correspondence from devoted music fan Gary to rock icon David Bowie. Beginning as an angst-ridden teenager, Gary writes letters to Bowie, sharing his thoughts on everything from Ziggy Stardust and Glass Spiders to his boarding school days and adult life as a husband and father.

Around 1.4 billion people presently live in extreme poverty, and yet despite this vast scale, the issue of global poverty had a relatively low international profile until the end of the 20th century. In this important new work, Hulme charts the rise of global poverty as a priority global issue, and its subsequent marginalisation as old themes edged it aside (trade policy and peace-making in regions of geo-political importance) and new issues were added (terrorism, global climate change and access to natural resources). Key updates for the new edition: evaluation of the post-2015 Development Agenda and the Rio+20 exploration of how Colombia and Brazil are pushing a sustainability agenda as a Southern perspective to challenge the aid focus of OECD

In recent times, there has been intense global interest on and scrutiny of Islamic education. In reforming Islamic schools, what are the key actions initiated and are they contested or negotiated by and among Muslims? This edited collection brings together leading scholars to explore current reforms in Islamic schools. Drawing together international case studies, *Reforms in Islamic Education* critically discusses the reforms, considering the motivations for them, nature of them and perceptions and experiences of people affected by them. The contributors also explore the tensions, resistance, contestations and negotiations between Muslims and non-Muslims, and among Muslims, in relation to the reforms. Highlighting the need to understand and critique reforms in Islamic schools within broad historical, political and socio-cultural contexts, this book is a valuable resource for academics, policymakers and educators.

The *Africa Renewal* magazine examines the many issues that confront the people of Africa, its leaders and its international partners: sustainable development goals, economic reform, debt, education, health, women's empowerment, conflict and civil strife, democratization, investment, trade, regional integration and many other topics. It tracks policy debates. It provides expert analysis and on-the-spot reporting to show how those policies affect people on the ground. And, it highlights the views of policy-makers, non-governmental leaders and others actively involved in efforts to transform Africa and improve its prospects in the world today. The magazine also reports on and examines the many different aspects of the United Nations' involvement in Africa, especially within the framework of the New Partnership for

“Every saint has a past, and every sinner has a future.”

~ Oscar Wilde
Veronica Matthews is on a mission to get the Catholic Church to accept its share of blame for Father Paul Peña's rape of her son. While Peña himself is remorseless, it's salt on the wound that the Church she's always loved won't admit that institutional failures enabled repeated abuse of its flock. Instead, it acts like every other litigious corporation: offering carefully worded statements of sympathy while refuting any responsibility. By all words and deeds Father Frank Muncy is Peña's opposite: a humble servant loved by all for his extraordinary empathic gifts, which he puts to use as a drug addiction counselor. But when a grave accusation against Father Frank coincides with the reappearance of a figure from his past, Frank, a fervent believer in God's ability to forgive and ultimately redeem, chooses to reveal a shocking secret about himself that is sure to ruin his reputation. When a miraculous event connects the lives of Veronica, Paul, and Father Frank, it also poses a great challenge to the Church. Survivors of the clergy abuse scandal are vehemently divided: some feel that for the Church to acknowledge the miracle is to effectively minimize the clergy's abuse against children, while others believe that the miracle is God's mysterious creative repurposing of tragedy into a lesson about just how far his love extends—a lesson that will facilitate survivors' healing. Told with unflinching bravery and compassion, Every

HOW TO LEAD WORSHIP WITHOUT BEING A ROCK STAR is an 8 week study in the heart and skill of worship leading. Topics covered: Why we lead worship, choosing your worship values, character of a leader, building and leading a set, leading a band, arranging a band, mentoring pastor relationships, and pursuing greatness over a lifetime. Study questions are provided for an amazing individual or group 8 week study experience. The reformers and puritans wrote extensively on being reformed by God's word. Every Christian ought to jump on that soap box and ride it into eternity. The Christian's duty is manifold, but always comes back to pressing into the kingdom in being reformed by God. In the first part of this work, Thomas Ford introduces being settled, and prepared or ready, for reformation. What does that mean for being ready to be reformed? What does that mean to have your heart settled in readiness for true reformation to take place? Ford is going to direct Christians to consider that before true Reformation can take place, there must not only be a willingness for Reformation to ensue, but the heart of the recipient must be settled. It is not enough, as Ford will show, to simply desire reformation. One must be settled in their heart to have reformation if it will remain lasting and true. Reformation is a matter of the heart. Ford said, "First, that the hearts

of the people are prepared for reformation. Secondly, that the hearts of the people are settled when they are prepared." In the second part of this work is added Ford's, "The Times Anatomized." In his own day he desired, along with the Westminster Assembly, to see long lasting true reformation. In desiring this, he wrote this tract demonstrating 30 points of meditation of "current events," that directly relate to the effectiveness of the Gospel in his own time. It is likely, once you, the reader, make a diligent search of these points, that even today such ideas ought to be pondered by all Christians who desire true reformation. Many things Ford was dealing with in his day, are equally needful to be considered in our own time. Debate style readings can be powerful teaching tools, but only if the readings really speak to one another; otherwise, the crux of the debate is lost on students. Peter M. Haas and John M. Hird's *Controversies in Globalization* solves this issue by inviting 17 pairs of scholars and practitioners to write specifically for the volume, directly addressing key questions in international relations through concise "yes" and "no" pieces on topics related to security, political economy, the environment, public health, democracy, demography, and social issues. At the request of reviewers, new to this edition are three chapters covering the financial crisis, maritime security, and international conflict. Chapter headnotes written by the editors effectively frame each debate and

make clear what is at stake from both theoretical and practical perspectives. Concluding discussion questions in each chapter encourage critical thinking and analysis. This book examines the promotion of the sensuous as part of religious experience in the Roman Catholic Church of the early modern period. During the Counter-Reformation, every aspect of religious and devotional practice was reviewed, including the role of art and architecture, and the invocation of the five senses to incite devotion became a hotly contested topic. The Protestants condemned the material cult of veneration of relics and images, rejecting the importance of emotion and the senses and instead promoting the power of reason in receiving the Word of God. After much debate, the Church concluded that the senses are necessary to appreciate the sublime, and that they derive from the Holy Spirit. As part of its attempt to win back the faithful, the Church embraced the sensuous and promoted the use of images, relics, liturgy, processions, music, and theater as important parts of religious experience.

Western culture is in a moment when wholly new kinds of personal transformations are possible, but authentic transformation requires both personal testimony and public recognition. In this book, Adam Ellwanger takes a distinctly rhetorical approach to analyzing how the personal and the public relate to an individual's transformation and develops a new vocabulary that enables a critical assessment of the concept of authenticity. The concept of metanoia is central to this project. Charting the history of metanoia from its original use in the classical tradition to its adoption by early Christians as a term for religious conversion, Ellwanger shows that metanoia involves a change within a person that results in a truer version of him- or herself—a change in character or ethos. He then applies this theory to our contemporary moment, finding that metanoia provides unique insight into modern forms of self-transformation. Drawing on ancient and medieval sources, including Thucydides, Plato, Paul the Apostle, and Augustine, as well as contemporary

discourses of self-transformation, such as the public testimonies of Caitlyn Jenner and Rachel Dolezal, Ellwanger elucidates the role of language in signifying and authenticating identity. Timely and original, Ellwanger's study formulates a transhistorical theory of personal transformation that will be of interest to scholars working in social theory, philosophy, rhetoric, and the history of Christianity.

An eminent international line up of experts in law, political science, economics and history examine the dynamics of the European Union's (EU) development as a collective member of the G8 and G20. Each contribution provides a methodical and much needed insight into the external and internal factors influencing this evolvement process, the options for these institutions to reform and collaborate and the future role of the EU in this new system of institutions. Part One makes an introduction into the topic of the EU representation in the G8 and the main concepts explored in the book. Part Two presents an analytical framework for exploring the EU actorness in global governance institutions. Part Three examines the transformation of the G7/G8 system, the emergence of the G20 as a leader's forum and the EU role in the process. Part Four provides an in-depth analysis of the EU contribution to critical cases of global governance including issues of energy, finance, development,

A romp through the spirit and music world, guaranteed to raise a smile, keep you turning the page and discover who really is behind the death of the world's leading rock and roll stars.

An updated look at global trade and why it remains as controversial as ever Free trade is always under attack, more than ever in recent years. The imposition of numerous U.S. tariffs in 2018, and the retaliation those tariffs have drawn, has thrust trade issues to the top of the policy agenda. Critics contend that free trade brings economic pain, including plant closings and worker layoffs, and that trade agreements serve corporate interests, undercut domestic environmental regulations, and erode national sovereignty. Why are global trade and

agreements such as the Trans-Pacific Partnership so controversial? Does free trade deserve its bad reputation? In *Free Trade under Fire*, Douglas Irwin sweeps aside the misconceptions that run rampant in the debate over trade and gives readers a clear understanding of the issues involved. In its fifth edition, the book has been updated to address the sweeping new policy developments under the Trump administration and the latest research on the impact of trade.

China's importance as an increasingly significant global force is a phenomenon of our times, but the world's most heavily populated nation has a history of catastrophe and tragedy, tyranny and repression, abject poverty, unfair business practice and corruption - and now faces environmental degradation and a demographic time bomb. In this compelling and lucid account based on years of research and first-hand experience, Jonathan Fenby links together the myriad features of today's China. He delivers a unique and coherent picture of its essence and evolution and contemplates its future - both alone and connected to the world around it. 'A bestselling examination of modern China by an experienced and fluent commentator' - Financial Times

This revised and updated edition presents detailed analysis of the history and current state of the G20, and the challenges it faces. The emergence of the G20 was the result of calls for full inclusion of major developing and other systemically important countries and to reflect new global economic and political realities. The growth of Chinese power, growing significance of other major developing countries and new concerns concerning anti-globalization and rising protectionism in the West have all resulted in important changes to the dynamics of the institution. The suspension of Russia's membership in the G8 has also

necessitated a change in G7/G20 dynamics and the G20's processes, agenda priorities and role in global governance. Providing a historical overview and analysis of the evolving agenda, methods of performance evaluation, relationship with structured international organizations and other external actors, Hajnal's text is an authoritative work of history, analysis and reference on the G20 and also G7/G8/G20 reform. This book is an essential source for researchers and students focusing on the G20, international organizations and global governance, and more generally for scholars in the fields of political science, economics, and finance.

The alpha bad boy who was out of the manny's league just fell into his arms. Nik was too sizzling hot. Too unattainable. Being Nik's butler made Higgins's head spin. Higgins is over Nik, mostly. He's a manny for a nice omega rock star instead of trying to work for a wild alpha like Nik. Higgins never turns on the radio. He covers his ears if anyone talks about alpha rock stars. And he never, ever sifts through those memories. He doesn't need that kind of roller coaster. Until the roller coaster pulls up at Higgins's front gate. Nik still has the muscles, the blue eyes, the guitar case, and the goatee. But something's different. Nik shouldn't have loved his bandmate. Or he shouldn't have loved anybody. That's even better. Nik will crash at Omegaverse for a while. Just until he can get back on his feet. It's just for a little while. Until Higgins wakes up with morning sickness. Nik is too dangerous, too unpredictable, too alpha. Higgins will have to be a single father. Unless the timid omega manny can give another chance to the gorgeous alpha who still makes his head

The World Bank and other multilateral development banks (MDBs) carry out their mission to alleviate poverty and promote economic growth based on the advice of professional economists. But as Sarah Babb argues in *Behind the Development Banks*, these organizations have also been indelibly shaped by Washington politics—particularly by the legislative branch and its power of the purse. Tracing American influence on MDBs over three decades, this volume assesses increased congressional activism and the perpetual “selling” of banks to Congress by the executive branch. Babb contends that congressional reluctance to fund the MDBs has enhanced the influence of the United States on them by making credible America’s threat to abandon the banks if its policy preferences are not followed. At a time when the United States’ role in world affairs is being closely scrutinized, *Behind the Development Banks* will be necessary reading for anyone interested in how American politics helps determine the fate of developing countries.

At the age of eighteen Lucy Wadham ran away from English boys and into the arms of a Frenchman. Twenty-five years later, having married in a French Catholic Church, put her children through the French educational system and divorced in a French court of law, Wadham is perfectly placed to explore the differences between Britain and France. Using both her personal experiences and the lessons of French history and culture, she examines every aspect of French life - from sex and adultery to money, happiness, race and politics - in this funny and engrossing account of our most intriguing neighbour.
