Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Beginning with 1937, the April issue of each vol. is the Fleet reference annual.

Im Winter 1811 scheint der Krieg verloren zu sein: Ganz Spanien wurde von Frankreich annektiert. Cádiz ist die letzte Stadt, die sich noch in spanisch-englischer Hand befindet. Doch die französischen Truppen ziehen den Belagerungsring immer enger. Auch Richard Sharpe hält sich in der belagerten Stadt auf - und sieht sich dort gleich mehreren Feinden gegenüber. Einer von ihnen ist ein skrupelloser Priester, dem jedes Mittel recht ist, um sein Ziel zu erreichen: die Auflösung der Allianz von Spanien und England. Kann Sharpe ihn aufhalten?

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
