

Smp Interact For Gcse Teachers Guide To Book I1 Part A Pathfinder Edition Smp Interact Pathfinder

Pathfinder is a special edition of the SMP Interact course for GCSE. It is an enhanced version of the complete operational course used in pilot schools. Pathfinder is split into three tiers: Foundation, Intermediate and Higher and can be used with any GCSE syllabus. There are two pupils' books in each tier for each of the two years of GCSE (years 10 and 11). Each pupils' book has an associated Teacher's Guide and Practice Book. The materials do not depend on use of SMP Interact at Key Stage 3.

Extensively trialled and praised for building students' confidence, SMP Interact for GCSE is a versatile course for the GCSE three tier mathematics.

Only SMP Interact for the new two-tier mathematics gives you all these benefits: Teaching materials of outstanding quality; Exact matching to the new AQA, Edexcel and OCR specifications; A unique structure that caters effectively for the wide range of attainment spanned by the new tiers. This higher transition practice book gives students support in topics they've not yet met or are not confident with, so you can give everyone the right start to key stage 4. Each practice book follows the structure of the main text, making it easy to organise extra practice, homework and revision.

Based on extensive feedback from teachers, these popular A Level titles have been written by the experienced team that produced SMP Interact for GCSE. These are clear, user-friendly texts that both teacher and student will enjoy using.

Each chapter's objectives are clearly set out and new concepts are carefully developed in a way that involves the student. Worked examples are designed to clarify ideas and techniques, and there is plenty of well-graded practice and revision, including past exam questions that show the standard required. Key points are highlighted as they arise and are gathered in a summary at the end of the chapter, where there is also a self-assessment section. Each book contains a detailed contents analysis and the chapters are structured so that you can easily tell what part of the specification you are covering. Opportunities for classroom discussion are marked, and starred questions provide extra challenge where needed.
