Applying International Accounting Standards is an exciting new textbook written to meet the needs of accounting students and practitioners in understanding the complexities and applying the stable platform of International Accounting Standards. It does not cover all International Accounting Standards, concentrating on those that are not related to specific industries. The text offers a step-by-step introduction to the financial reporting procedures outlined within the new International Financial Reporting Standards (IFRS). With the inception of the IFRS on 1 January 2005, students studying accounting will need to possess a thorough conceptual and practical understanding of the new financial reporting requirements contained within the majority of the 41 IFRS. The focus of this text is on the interpretation, analysis, illustration and application of the scope and purpose of the new financial reporting processes of the IFRS. As the financial reporting environment will be new to most from January 2005, each chapter contains numerous illustrative examples to ensure that the student gains a deep understanding of all the reporting requirements under the respective IFRS. This textbook has been written for intermediate and advance financial reporting courses, at both undergraduate and postgraduate level, and aligns with the knowledge expectations of the accounting profession.

This Study Text has been reviewed by the examiner and concentrates on the key areas of the syllabus, taking into account the examiner's guidance on how topics will be examined. The Text takes a step-by-step approach to producing consolidated financial statements and lots of exercises which allow you to practise the workings. We guide you through the more problematic topics which can be brought into the preparation of single company financial statements, and encourage you to develop the critical awareness of problems in financial reporting which the examiner expects to see demonstrated at this level. The Study Text is suitable for both International and UK streams. Additional topics relating to the UK are covered in an online supplement. Wahlen/Jones/Pagach's INTERMEDIATE ACCOUNTING, 2E addresses student confidence in the Intermediate Accounting course like no other product on the market. The second edition includes resources that help students understand the rigor and time requirements of the Intermediate course before that first exam, while additional resources such as in-text Got it? quick checks keep students on track, building confidence with detailed remediation and thorough explanations that build a pathway to success. All of this is accomplished without sacrificing the book's approachable writing style that uses recognizable, familiar companies such as an ongoing Starbucks case, and examples from familiar companies, such as Coca Cola, Louis Vuitton, and Nestle. This edition presents the latest information on the new Revenue Recognition Standards. After carefully considering the most effective methods for covering this topic, the authors have incorporated updates throughout the book with special spotlight coverage in Chapter 17. Die International Financial Reporting Standards (IFRS) sind auf Grund einer Verordnung EU-weit von allen börsennotierten Unternehmen verbindlich anzuwenden. In Deutschland besteht für Konzernabschlüsse nicht-kapitalmarktorientierter Konzerne und für spezielle Jahresabschlüsse die Möglichkeit einer freiwilligen Bilanzierung nach IFRS. Diese Textausgabe enthält alle International Financial Reporting Standards (IFRS) bzw. International Accounting Standards (IAS) sowie alle Interpretationen (SICs, IFRICs), die von der Europäischen Union (EU) gebilligt und so für kapitalmarktorientierte Unternehmen verpflichtend anzuwenden sind. Die Standards werden in englischer und deutscher Sprache synoptisch gegenübergestellt. Auf diese Weise wird ein Vergleich mit dem englischen Ursprungstext ermöglicht. Dieser hat besondere Bedeutung, da er in Auslegungsfragen herangezogen werden muss. Die Textausgabe enthält ein Vorwort und eine Einführung von Professor Dr. Henning Zülch, HHL-Leipzig Graduate School of Management, und Prof. Dr. Matthias Hender, Münster. Die Ausgabe 2021 berücksichtigt alle Änderungen, die von der Europäischen Union bis zum 1. Februar 2021 übernommen wurden. Accounts being a tough practical subject, students find it difficult to keep up with the theoretical concepts and practical problems at the same time. There remains a need for the book which helps students practice ample problems on every topic and be exam ready. Keeping this in mind, the authors present Problems and

The increasing pace of global conformance towards the adoption of International Financial Reporting Standards (IFRS) highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS. Teaching IFRS offers expert descriptions of, and insights into, the IFRS convergence process from a teaching and learning perspective. Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world. The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption. Drawing upon the experiences of those who have sought to introduce IFRS-related classroom innovations and the associated student outcomes achieved therefrom, the book offers suggestions about how to design and deliver

courses dealing with IFRS and catalogues extensive listings of IFRS-related teaching resources to support those courses. This book was originally published as a special issue of *Accounting Education: An international journal*.

The *IFRS Primer: International GAAP Basics* serves as a roadmap to provide guidance and a path through the period of transition to convergence of GAAP and international reporting standards for both students and instructors. As an introduction to *International Financial Reporting Standards (IFRS)*, the *IFRS Primer* is a stand alone and logical supplement for use with existing U.S. introductory, intermediate, and advanced financial accounting textbooks.
