An omega betrayed by his pack...and the lone wolf who must risk everything to save him. Henry Wright was supposed to be dead. Since the night his alpha

dumped him in the dangerous ruins of Old Detroit, life has been an unending nightmare for the packless omega. Left to scavenge for food and evade the savage creatures infesting the city, Henry's become good at surviving—until his luck fails and leaves him trapped on a rooftop with monsters closing in. Then out of nowhere, help arrives in the form of a tall, swaggering stranger with rugged good looks and a sexy glint in his eyes. Their night of passion, intensified by their brush with death, leaves Henry breathless. But that isn't the only thing he's left with. Thanks to the genetic mutation shared by omegas, Henry is pregnant. And with all that's going down in the city, Tom might not be there to save him again. Especially when Henry's former alpha learns Henry is still alive. Tom Reinhart doesn't mess around. Wealthy clients pay the lone wolf to sneak into the ruins of Old Detroit, retrieve what they want—diamonds, cash, heirlooms—and get out alive. But his latest run goes belly up when he saves the life of an omega wolf with haunting amber eyes that grab him by the balls and won't let go. As former airborne military, Tom's used to danger. He knows better than to let a pair of pretty eyes distract him. But the little omega dredges up Tom's protective instincts and the need to care for a mate. Sadly, the only things the lone wolf can't give are the things the omega wants most—the security of a pack and a family of his own. Tom will never again submit to an autocratic alpha. But the

In the sequel to Book 2, Alpha Wolf's Pet, Kept, the trilogy concludes with Alpha Wolf's Pet, Hunted. Living with werewolves is a lesson in Mia's fragility, and stretching the limits of their antiquated pack protocol wears on everybody's nerves. Nonetheless, Mia is an official member of their pack, and Dominic's lover. Satisfied with their romantic and sexy exclusive arrangement, Mia is devastated when Chandra, Dominic's fiancée, arrives during his absence. Dominic is worried. Is his love for Mia really his addiction to her blood? Will she eventually become his blood mistress and belong to her, commanding his body and soul? Before he can resolve the issue, the Russian Chess Piece mob strikes his territory. Faced with the king's command to mate his werewolf fiancée, and the mob, he has no time to explain before Mia does what she does best. She runs. Danger looms for Mia and all werewolf kind as secrets are revealed about the mob pursuing her. But most disturbing of all, is the Lycan Intelligence Agency's

sudden interest in Mia's DNA. Will new revelations destroy their love and crush their future? If you enjoyed the Alpha Wolf's Pet universe, you might want to continue with the spinoff, Team Greywolf Series. Suspenseful Paranormal Romance.

I never expected a night of drinking to end in blood and werewolves. I never expected any of it, not being pimped out by a deranged alpha to repopulate their pack or to be seeking help from an overly serious, overtly sexy scarred stranger who just so happens to be a werewolf himself. I don't have a choice but to trust him, but trusting him shouldn't involve being so drawn to him. Why can't I stop? He said he had been alive for over seventy years, and that was just in passing, so how can I trust that he isn't using me for his own nefarious schemes that I haven't found yet? Why would he help a random human that he stumbled upon anyways? He's a lone werewolf who stumbled upon his True Mate in a cage, she's a flighty junior in college who was only ever interested in sparkly fantasy. Are you ready to run with them through forests, lust, and intrigue? Are they ready to face each other and that war-fractured pack chasing them for her fertility? As the only she-wolf in a generation, Lucia McGraw's destined to mate with a Wild Lake Alpha. An arranged marriage will cement the peace on Wild Lake and secure her brother's power among the packs for decades to come. There's just

one problem. Free spirit Lucia's never been one to do what she's told. To her brother's constant frustration, she never misses a chance to raise a little hell. When Lucia finds an outlaw shifter trespassing on pack lands, chasing him off is just the kind of trouble Lucia loves to stir up. But this cat stands his ground and ignites a primal need in her she wasn't expecting. Acting on it could raise a little too much hell. For Lucia, catching this tiger by the tail might just bring the packs to the brink of war. Clint Yeager wasn't looking for trouble. After a brutal shifter war in South America, he's just hoping to lick his wounds and get as far north as he can. But he's never seen anything like Lucia before. He thought female shifters were extinct. Her feral, passionate nature stirs his inner tiger past the point of control. The smart thing to do would be to keep on running and forget he ever saw her. But, his animal has other ideas and pursuing her might just put Clint in the crosshairs of every wolf shifter in the country. Reader's Note: This story takes place roughly 30 years before the events in the main Wild Lake Wolves series.
