Tax simplification - An African Perspective Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack 2019 ISBN: 978-1-920538-96-5 Pages: 347 Print version: Available Electronic version: Free PDF available About the publication Why are tax systems so complex and what are the causes and consequences of such complexity? The simplification of tax systems is one of the most important issues faced today in worldwide efforts to modernise and strengthen government finance and revenue raising capacities. Nowhere is it more important than throughout the rapidly emerging economies of the dynamic African region. This volume brings together contributions in this field from a conference held in South Africa in October 2018 and provides a unique synthesis of knowledge and understanding gained from the specialist expertise and diverse backgrounds brought to the tax simplification debate by those authors. Featured topics include: Taxpayers' rights to simplicity The African experience of tax simplification Simplification trends among small and medium sized entities Pension tax simplification Sources of complexity in value added taxation Simplification of recurrent property taxes Complexity and approaches to international taxation Complexity and taxation of multinational enterprises Lessons from overseas. The analysis of these topics includes timely and relevant perspectives from the experience in other jurisdictions including Australia, Canada, New Zealand, the United Kingdom and the United States. The volume will be an essential reference for researchers and others interested in the field from academia, government, legal and accounting practice and public policy organisations in African and other countries worldwide. Table of Contents Preface Foreword – Tax Simplification in the United Kingdom: Some Personal Reflections John Whiting Contributors Introduction Elizabeth (Lilla) Stack, Chris Evans and Riël Franzsen Tax Complexity and Tax Simplification: A Critical Review of Concepts and Issues Binh Tran-Nam, Annet Wanyana Oguttu and Kyle Mandy The Taxpayers' Right to Tax Simplicity in South Africa and the United States Carika Fritz and Nina E Olson The Role of the Office of Tax Simplification in the United Kingdom and Lessons for Other Countries Yige Zu and Lynne Oats An Analysis of the Tax Simplification Initiatives for Pension Provision in the United Kingdom and South Africa Bernadene de Clercq, Andy Lymer and Chris Axelson Simplification Lessons from New Zealand Adrian Sawyer, Marina Bornman and Greg Smith Legal Uncertainty in the South African VAT Marius van Oordt and Richard Krever Simplifying Recurrent Property Taxes in Africa Riël Franzsen, Abdallah Ali-Nakyea and Adams Tommy Statutory and Effective Complexity for Individual Taxpayers in South Africa Sharon Smulders, Karen Stark and Deborah Tickle Small and Micro Businesses: Case Studies on the Complexity of 'Simplified' Schemes Heinrich Dixon, Judith Freedman and Wollela Abehodie Yesegat Tax Complexity for Multinational Corporations in South Africa – Evidence from a Global Survey Thomas Hoppe, Reyhaneh Safaei, Amanda Singleton and Caren Sureth-Sloane International Tax Simplification in South Africa through Managing Substantive Complexity and Improving Drafting Efficiency Jinyan Li and Teresa Pidduck Bibliography Index How Dwight D. Eisenhower led America through a transformational time—by a DC policy strategist, security expert and his granddaughter. Few people have made decisions as momentous as Eisenhower, nor has one person had to make such a varied range of them. From D-Day to Little Rock, from the Korean War to Cold War crises, from the Red Scare to the Missile Gap controversies, Ike was able to give our country eight years of peace and prosperity by relying on a core set of principles. These were informed by his heritage and upbringing, as well as his strong character and his personal discipline, but he also avoided making himself the center of things. He was a man of judgment, and steadying force. He sought national unity, by pursuing a course he called the "Middle Way" that tried to make winners on both sides of any issue. Ike was a strategic, not an operational leader, who relied on a rigorous pursuit of the facts for decision-making. His talent for envisioning a whole, especially in the context of the long game, and his ability to see causes and various consequences, explains his success as Allied Commander and as President. After making a decision, he made himself accountable for it, recognizing that personal responsibility is the bedrock of sound principles. Susan Eisenhower's How Ike Led shows us not just what a great American did, but why—and what we can learn from him today.

The Handbook of U.S. Labor Statistics: Employment, Earnings, Prices, Productivity, and Other Labor Data continues and enhances the Bureau of Labor Statistics' (BLS) discontinued publication, Labor Statistics. It brings authoritative data from the BLS and other government agencies together into a convenient, single-volume source of labor data.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household, buildings), and environment (local and global). Recent changes in the energy sector and environment are depicted with the help of graphs, figures, maps, and tables. The publication also reviews government policies associated with energy and environment. TEDDY 2019/20 gives an account of India's commercial energy balances, extensively covering energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable reference for researchers, scholars, and organizations engaged in energy and related sectors. Contents of the book are organized into three sections—Energy Supply, Energy Demand, and Local and Global Environment. Interlinkage of SDGs with energy and environment also forms the subject matter of TEDDY 2019/20. The thirty fifth edition continues to remain less prose intensive with inclusion of more data, represented with the help of infographics, thus making the publication an authentic and interesting read. Key Features: • Provides a review of government policies, programmes and initiatives that have implications for the petroleum and natural gas sector and the Indian economy • New chapters on Air Pollution, Solid Waste Management, Water Resource Management, and Land and Forest Resource Management • Exhaustive data from energy supply, energy demand, and local and global environment sectors Contents: Energy and environment: an overview Energy supply: Coal and lignite • Petroleum and natural gas • Power • Renewable energy Energy demand: Agriculture • Industry • Transport • Household energy • Buildings Local and global environment: Air quality and pollution • Solid waste management • Water resource management • Land and forest resource management • Climate change Audience: Researchers and Professionals from industries, government organizations, and public sector undertakings. Research scholars from different NGOs, bilateral and multilateral institutions, and academic institutions. Shelving: Energy, Environmental Sciences and Studies, Industry (Coal and lignite, oil and gas, power, renewable energy), climate change, Agriculture sector, Transport sector, domestic sector

Learn how to navigate the latest changes to the tax law—and save big on your taxes! For most people, tax time is the most dreaded time of the year. After the recent tax overhaul enacted by Congress, taxpayers are more anxious and confused than ever. Lower Your Taxes—Big Time! helps you understand how the latest tax bill affects your personal and business taxes. Fully updated for the 2019 – 2020 season, this essential book covers everything you need to know about saving money on tax day—and every other day of the year. Whether you're a consultant, business owner, independent contractor, or home filer, you'll learn how to legally, morally and ethically take advantage of the tax system to get a yearly subsidy of \$5,000 or more back from the IRS—and bulletproof your records forever. Written by tax expert and former IRS attorney Sandy Botkin, this is a must-have resource for saving thousands of dollars at tax time. Lower Your Taxes Big Time! shows you how to: •Properly document any business deduction so you never have to worry about being audited•Get a tax subsidy of \$5,000 or more for starting up your own home-based business •Turn tuition, entertainment, orthodontia, and other expenses into huge deductions •Take advantage of small-business tax changes and extensions recently passed by the American Tax Cuts and Jobs Act, and more.•Learn how to easily navigate and maximize the new 20% pass through deduction for most small businesses

From anti-terrorism agendas, to the punishment of the poor and the governance of parenting, this book explores how diverse fields of social policy intersect more deeply than ever with crime control and in so doing, deploy troubling strategies.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) 2018/19 The Energy and Resources Institute (TERI)

? For more than sixty years, Bob Steele was the radio voice of Southern New England, entertaining listeners of WTIC AM with his wit and humor and an inimitable style that kept listeners faithfully tuning in to his morning show. Capturing the nation's highest market share, the National Radio Hall of Fame inductee maintained an unparalleled popularity through the latter half of the twentieth century. This first ever biography of Bob Steele details both the home life and the award-winning broadcasting career of this Connecticut media legend, from his humble Midwestern roots to the pinnacle of radio fame. Steele and his "The Word for the Day" feature remain forever embedded in the memories of his many listeners.

Understand how changes to the tax laws affect you for 2017-2018 Maximise your deductions and avoid overpayment Get organised with tips and advice for your specific situation Avoid tax traps, correct errors and get the return you deserve Taxes are important for a functional society, but the government is only entitled to so much of your money. So many Australians overpay their tax every year — it's time to separate yourself from the crowd. Pay what you owe, but not a cent more, with the clear, expert guidance in 101 Ways to Save Money on Your Tax — Legally!

Exploring British Politics is a concise, comprehensive, and accessible guide to the subject. Fully updated and revised, the new edition covers developments since 2016 in the role of the executive, Parliament, the civil service, political parties, general elections, party ideology and membership, as well as examining turmoil and leadership battles within the Labour and Conservative parties, the politics of growing inequality, demographic trends and their political consequences, and the future of the UK itself. Stimulating critical analysis and lively debate, it provides new perspectives on two key themes – the health of British democracy and the transition from traditional models of government to more flexible forms of 'governance'. Key features include: a comprehensive analysis of the 2019 general election, Brexit developments since the 2016 Referendum to today's ongoing negotiations, and the shadow cast by the COVID-19 global pandemic and its implications; topical coverage of the fall of the Corbyn and May leaderships, the new Starmer and Johnson era, the rise and fall of the 'Change UK' party, the economic crisis, the role of special advisers, new social movements such as Extinction Rebellion and Black Lives Matter, and much more; extensive guides to further reading at the end of each chapter; and rich illustrations visually representing examples and data. Whilst the book provides an essential historical background, contemporary issues are to the fore throughout and readers are encouraged to assess critically received wisdoms and develop their own thoughts and ideas. Whether studying the subject for the first time or revisiting it, Exploring British Politics is the ideal undergraduate text.

The world is changing fast. It is imperative for aspirants of every competitive exam to keep themselves updated with the latest happenings and the causes and effects pertaining to these happenings. The aspirants must be aware of the fundamental structure/ tenets of our country that define the social, political and economic past, present and the future. Only these fundamentals build a foundation for larger self-improvement goals and the understanding of the global world. Disha's Mega Yearbook 2018, a thoroughly revised, reorganised, updated and ENLARGED 3rd edition, presents a comprehensive study of all the sections that are covered under the subject of General Knowledge. General Knowledge covers: • India/ World Panorama • Geography, History, Polity, Economy, Business, General Science, Technology, Ecology and Environment • People forever • Art & Culture, Sports, Healthcare, Communication, News & Media, Education & Career, IT & Computers • English Language, etc. The Mega Yearbook 2018 procures key information from the most credible sources from India as well as from abroad in a concise and easy-to-understand manner to help cover maximum material within a limited space. The book is a Ready Reckoner which will prove to be the cutting edge for the aspirants in cracking a competitive exam. The material has been given in bulleted points wherever necessary to make the content easy to grasp. The book has ample tabular charts, mind maps, graphic illustrations which further makes the learning process flexible and interesting. Hope the book will prove to be a milestone for the aspirants and they will be able to make it to the next exam they are aspiring for. The book also provides 52 WEEKLY Current Affairs Update ebook and eTests, which will keep you updated for the whole of 2018.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by The Energy and Resources Institute (TERI) since 1986. It is the only

comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household), and local and global environment sectors (environment and climate change). The publication also provides a review of the government policies that have implications for the sectors of the Indian economy. In TEDDY, an account of India's commercial energy balances is given, which provide comprehensive information on energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable ready reckoner for researchers, scholars, and organizations working in the energy sector. After the introductory chapters, for the ease of readers, TEDDY has been divided into sections on energy supply, energy demand, and local and global environment. Interactive graphs, figures, maps, and tables have been used throughout the chapters to explain facts, which make the book an interesting read. In addition, detailed tables at the end of each chapter represent statistical data on each of the above-mentioned sectors. The publication is accompanied by a complimentary CD containing full text. The publication has more than 15,000 readers across the globe and is often cited in international peer-reviewed journals and policy documents.

Revised and updated, this long-awaited second edition provides a comprehensive introduction to the most important American statesmen, activists, and writers regardless of the historical era or political persuasion.

Get Mr. Taxman on your side and make this year your best filing yet using 101 Ways to Save Money on Your Tax — Legally!

U2's significant career far exceeds that of most average successful rock bands, with a prolific output of thirteen well-received studio albums and a sometimes relentless touring schedule. The band is famous for uniquely drawing together music, art, faith, and activism, all within a lucrative career that has given each of these elements an unusual degree of social and cultural resonance. Broad-minded musically and intellectually, U2's output is thematically rich, addressing a slew of topics, from questions of faith to anxieties about commercialism to outright political statements. With one of the largest fan bases in the history of rock music, U2 and their work require contextualization and exploration. In U2: Rock 'n' Roll to Change the World, Timothy D. Neufeld takes up this challenge. Neufeld explores U2's move from the youthful idealism of a band barely able to play instruments through its many phases of artistic expression and cultural engagement to its employment of faith and activism as a foundation for its success. This book outlines how U2 reshaped the very musical and even political culture that had originally shaped it, demonstrating through close readings of its musical work the dynamic interplay of artistic expression and social engagement.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment

yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household, buildings), and environment (local and global). Additionally, the publication reviews government policies and analyses latest policy discourses that have implications on India's energy and environment sector. TEDDY 2018/19 gives an account of India's commercial energy balances, extensively covering energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable reference for researchers, scholars, and organizations engaged in energy and related sectors. After the introductory chapter, TEDDY 2018/19 is divided into three sections—Energy Supply, Energy Demand, and Local and Global Environment. One of the main highlights of TEDDY 2018/19 is the addition of a new chapter—Buildings—under Energy Demand section. This chapter gives an in-depth analysis of India's energy consumption by the buildings sector, and highlights the role of energy efficiency in buildings from the perspectives of both economy and environment. The thirty-fourth edition of TEDDY continues to remain less prose intensive with inclusion of more data, represented with the help of infographics, thus making the publication an authentic and interesting read. TEDDY 2018/19 also features a section on interlinkages of SDGs with energy and environment. Key Features: • Provides a review of government policies, programmes and initiatives that have implications for the petroleum and natural gas sector and the Indian economy • New chapters on Air Pollution, Solid Waste Management, Water Resource Management, and Land and Forest Resource Management • Exhaustive data from energy supply, energy demand, and local and global environment sectors Contents: Energy and environment: an overview Energy supply: Coal and lignite • Petroleum and natural gas • Power • Renewable energy Energy demand: Agriculture • Industry • Transport • Household energy • Buildings Local and global environment: Air quality and pollution • Solid waste management • Water resource management • Land and forest resource management • Climate change

Includes Part 1A: Books and Part 1B: Pamphlets, Serials and Contributions to Periodicals

Updated and expanded to cover new and changing tax law, this edition also includes an e-supplement covering the latest developments from Congress and the IRS to keep you fully up-to-date. Stop overpaying and gain peace of mind as you find the answers you need for your specific tax situation. Mine your paperwork for write-off opportunities, and claim your tax breaks correctly; easy-to-follow instructions give you clear guidance through the maze of worksheets to help you reclaim what is legally yours. Echoing cries of "Can I claim...?", "How do I deduct...?", "Where do I find...?" mean it's tax season again, and America's most trusted tax advisor is here to take away the stress. Find answers, save money, and streamline the filing process. Examine your records for deduction opportunities Identify each and every deduction for which you qualify Learn about new or updated deductions for your 2018 return See what types of income are tax free Claim correctly, with the appropriate forms and evidence Deductions and credits were put in place precisely to help everyday people like yourself keep more of their hard-earned money—but only if you claim them. Instead of mounting an expedition into impenetrable tax code, let an expert do the legwork for you: J.K. Lasser's 1001 Deductions and Tax Breaks 2019 gives you the straightforward, no-nonsense information you need to stop overpaying and keep more of what's yours.

Maximize your bottom line with the nation's most trusted small business tax guide J.K. Lasser's Small Business Taxes 2019 is the small business owner's ultimate guide to a money-saving, stress-free tax season. Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't Adopt a more organized recordkeeping system to streamline the filing process Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses Decode the various forms and worksheets correctly with step-by-step guidance Audit-proof your return Review obligations for the “other taxes,” including payroll and excise taxes Every year, millions of small business owners overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. J.K. Lasser's Small Business Taxes 2019 helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line.

Description: Intended primarily as a text for the undergraduate students of commerce, this book gives a comprehensive and indepth analysis of the concepts and principles underlying financial accounting. It also introduces the student to the tools and techniques essential for tackling real-life problems. The text discusses in detail final accounts, branch accounting, hire-purchase and instalment sales, partnership accounts, stock valuations, as well as other company accounts. The book would be of considerable help to the readers in preparing financial statements and would equip them with the necessary knowledge in understanding the financial performance and the financial position of an organization and communicate these to its stakeholders. Besides students of commerce, those appearing for various professional examinations such as CA and ICWA foundation courses should find this student-friendly and accessible book extremely useful. Dated 6th April 2017-5th April 2018 (Tax year) A MUST have for any business owner, self-employed, Sole traders, professionals, Company Directors, employers etc. Great gift idea for any occasion! Product Details: A5 Portrait 384 Pages Paperback gloss cover Business Set up information Full Year calendar for 2017 & 2018

The story of the one hundred years (19182018) of the Missionary Society of St. Columban is filled with adventure, stress, and danger, with the humdrum of daily life, with martyrs (twenty-seven of them thus far, including Columban Sister Joan Sawyer), with innumerable personal and society global connections and issues, with men who went from the familiarity of daily life and people they knew to lands and people unknown to bring the good news. The story is charged with humor and courage, along with faith, hope, and love. The people in this story lived within particular national histories and an evolving global Christianity. The history of the US region of the Missionary Society of St. Columban interacts with movements of Catholic and American history. These contexts influenced the ability of the Columbans to grow in the United States, to provide desperately needed resources for the missions, and to further Catholic engagement in the mission.

A sophisticated history of colonial interactions in Nigeria during World War II drawing on hitherto unexplored archival resources.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by The Energy and Resources Institute (TERI) since 1986. It is the only comprehensive energy and environment yearbook in India which provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, residential, and commercial sectors), and environment (local and global). The publication also provides a review of the government policies that have implications for these sectors of the Indian economy. Each edition of TEDDY contains India's commercial energy balances for the last four years that provide comprehensive information on energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable ready reckoner for researchers, scholars, and organizations working on energy sector. After the introductory chapters, for the ease of readers, TEDDY has been divided into sections on energy supply, energy demand, and local and global environment. Interactive graphs, figures, maps, and tables have been used throughout the chapters to explain facts, which make the book an interesting read. In addition, detailed tables at the end of each chapter represent statistical data on each of the above-mentioned sectors. The publication is accompanied by a complimentary CD containing full text. The publication has more than 15,000 readers across the globe and is often cited in international peer reviewed journals and policy documents. Key Features: • Exhaustive compilation of data from energy supply and demand sectors • Recent data along with data from the past years covered in the form of structured and easy-to-understand tables • Recent advances made in the energy sectors • Self-explanatory figures and graphs showing the latest trends in various sectors • The “Green Focus” at the end of every chapter highlights a topical issue • A complimentary CD that contains all the chapters and additional tables

The Handbook of U.S. Labor Statistics: Employment, Earnings, Prices, Productivity, and Other Labor Data continues the Bureau of Labor Statistics' (BLS) discontinued publication, Labor Statistics. It brings authoritative data and analysis into a single source. This edition includes a new chapter on the impact of the coronavirus on the labor force. Completely revised and updated for 2017—the must-have resource for saving thousands of dollars at tax time! Whether you're a consultant, small-business owner, or independent contractor, you want to keep more of what you earn. Lower Your Taxes—Big Time! 2017 provides everything you need to know about saving money on April 15—and every other day of the year. Sandy Botkin has taught hundreds of thousands of taxpayers how to save over \$300 million on their taxes with his Tax Reduction Institute seminars. Now, the acclaimed tax expert shows you how to legally and ethically take advantage of the tax system to get a yearly subsidy of \$5,000 or more back from the IRS—and bulletproof your records forever. Packed with money-saving strategies, this essential guide includes: • Advice on properly documenting any business deduction • Expert

guidance for getting big tax subsidies for starting a home business • Legitimate ways to turn tuition, entertainment, orthodontia, vacations, and other expenses into huge deductions • Important information on small-business tax changes and extensions recently passed by the American Taxpayer Relief Law, and more • Latest tax law changes arising from the Protecting Americans From Tax Hikes Law

This book is a unique publication that gives a global overview of international tax disputes on double tax conventions and thereby fills a gap in the area of tax treaty case law. It covers the forty-one most important tax treaty cases which were decided in 2016 around the world.

This is a bespoke diary that runs from 6 April 2018 to 5 April 2019, matching the UK tax year. It is 6" x 9" in size, has large clear text and is paperback. Each day has one full page allocated to it.

The Handbook of U.S. Labor Statistics: Employment, Earnings, Prices, Productivity, and Other Labor Data continues and enhances the Bureau of Labor Statistics's (BLS) discontinued publication, Labor Statistics. It brings authoritative data from the BLS and other government agencies together into a convenient, single-volume source of labor data.
