Essential travel tips: our expert choices of where to stay, eat, shop and sightsee, plus transport, visa and health information

Carol and Bruce Hodgins began leading canoe trips in 1957 for Camp Wanapitei on Lake Temagami in Northern Ontario, initially to the great rivers of that region and on into Quebec. Their first venture north of 60 found them on the South Nahanni, soon to be followed by the Coppermine River, and by the 1990s their annual tripping took them to the Soper River on Baffin Island. included with their richly descriptive accounts of wilderness travel with groups of people, are kayak adventures in Baja California, Mexico, and the Queen Charlottes, paddling in and near the Everglades and explorations on Heritage rivers in the Maritimes and along the coast of Newfoundland. Few have personally experienced the breadth of wilderness travel in Canada as have the Hodgins husband-and-wife team. Their fifty years as "paddling partners," a legendary achievement, is a story of shared joys, challenges, triumphs and mishaps, delightfully told and augmented by excerpts from daily logs, historical insights and the tidbits of experience gleaned over the years.

In an age when "survival" shows permeate the media, noted northern traveller Hap Wilson shares accounts of his lifelong involvement with wilderness living within the Canadian Shield. Wilson knows better than most how to live in the woods. As park ranger, canoe guide, outfitter, trail builder, and environmental activist, he learned from firsthand experience that nature can neither be beaten or tamed. Trails and Tribulations takes the reader on a journey with the author through natural settings ranging from austere to mysterious and breathtaking. Contents include animal attacks, bush fires, the threat of hypothermia, and vision-quest sites, to name but a few.

One hundred years ago, a young doctor from Cleveland by the name of Robert Newcomb, travelled north to a place called Temagami. It was as far north as one could travel by any modern means. Beautiful beyond any simple expletive, the Temagami wilderness was a land rich in timber, clear-water lakes, fast flowing rivers, mystery and adventure. Newcomb befriended the local Aborigines — the Deep Water People — and quickly discovered the best way to explore was by canoe. Bewitched by the spirit of an interior river named after the elusive brook trout, Majamagosibi, Newcomb had a remote cabin built overlooking one of her

precipitous cataracts. The cabin remained unused for decades, save for a few passing canoeists; it changed ownership twice and slowly began to show its age. The author discovered the cabin while on a canoe trip in 1970. Like Newcomb, Hap Wilson was lured to Temagami in pursuit of adventure and personal sanctuary. That search for sanctuary took the author incredible distances by canoe and snowshoe, through near death experiences and Herculean challenges. Secretly building cabins, homesteading and working as a park ranger, Wilson finally became owner of The Cabin in 2000. Artist, author and adventurer, Hap Wilson is perhaps best known for his ecotourism/travel guidebooks. He has led over 300 wilderness expeditions in Canada, and served as actor Pierce Brosnan's personal outdoor trainer for the feature film *Grey Owl*. "This is a complex and fascinating story, beautifully told. At first, it draws us in because the author appears to be living the life we all dream of—a simpler life, close to nature, free from the stress and strain of our consumer culture. But the reality, with its myriad challenges, is what holds our attention and gives the book its substance." — Judith Ruan, *Muskoka Magazine*

Gives a historical account of the cultural, economic and political developments of the Temagami Forest Reserve in northern Ontario. Discusses federal-provincial efforts to reconcile conflicts between government land use policy and those of the Temagami Ojibway Indians and the conservationists.

David Pelly tells the Thelon's story, exploring the mystery of Man's relationship with this special place in the heart of Canada's vast Arctic barrenlands. From Thanadelthur and Telaruk to J.W. Tyrrell, John Hornby and Eric Morse, the history is detailed, complete and exciting. The Thelon is the setting for a compelling Canadian adventure tale – with all its drama, intrigue, joy and tragedy. But the writer goes beyond that to contemplate the significance of the Thelon wilderness, and to examine its uncertain future. "It is the richness of human experience, layered on top of the natural splendour of the river valley and its wildlife, that really sets the Thelon apart. The place has a history, both Native and non-Native, which gives it standing beyond the intrinsic value of wilderness itself." David Pelly writes as one who has been there time and again. He knows the Thelon from personal experience. As a freelance writer for 20 years, he has travelled many parts of the Arctic, but claims that "nowhere draws me back more powerfully than the Thelon."

Noted environmentalist Hap Wilson takes us along a wilderness trail replete with snags and pitfalls, through mishaps, tears, and laughter.

Canadian wilderness seems a self-evident entity, yet, as this volume shows in vivid historical detail, wilderness is not what it seems. In *Temagami's Tangled Wild*, Jocelyn Thorpe traces how struggles over meaning, racialized and gendered identities, and land have made the Temagami area in Ontario into a site emblematic of wild Canadian nature, even though the Teme-Augama Anishnabai have long understood the region as their homeland rather than as a wilderness. Eloquent and accessible, this engaging history challenges readers to acknowledge the embeddedness of colonial relations in our notions of wilderness, and to reconsider our understanding of the wilderness ideal.

Hap Wilson is back for another journey, this time on the lighter side of the adventure trail, where the bizarre melds with the sublime. Nurtured by the writings of Canadian environmentalist and wannabe-Native, Grey Owl, Wilson adopted a lifestyle similar to the 1930s conservationist but with his own twists and turns along a meandering path full of humorous misadventures. Wilson, too, learned many of his nature skills as a youth, paddling in Temagami, working as a wilderness canoe ranger and guide, and following in the footsteps of one of Canada's most revered outdoor icons. The author recounts early days winter camping, motorcycling the Labrador coast, and teaching actor Pierce Brosnan how to throw knives and paddle a canoe for the Richard Attenborough film about Grey Owl. He also takes us to a few of his favourite places and shares intimate secrets of wilderness living. Here, Grey Owl has returned as an ever-present critic – a buckskin-clad spectre in a modern world of Gore-Tex, Kevlar canoes,

Canadian national identity is bound to the idea of a Great White North. Images of snow, wilderness, and emptiness seem innocent, yet this path-breaking book reveals they contain the seeds of racism. Informed by the insight that racism is geographical as well as historical and cultural, the contributors trace how notions of race, whiteness, and nature helped construct a white country in travel writing and treaty making; in scientific research and park planning; and in towns, cities, and tourist centres. Rethinking the Great White North offers a new vocabulary for contemporary debates on Canada's role in the North and the meaning of the nation.

Who would have thought that dwarf cedar trees growing on the Niagara Escarpment could live to be nearly 2000 years old. Or that the small bonsai cedars lining the shorelines of the Canadian shield measure their ages in centuries. Old growth pine trees in Temagami are often over 10 stories tall, but these are young sprouts compared to trees of yesteryear, which were as much as 20 stories high. Ontario's old growth forests are fantastical and mysterious, but who knows where to find one. Most people in this province live within an hour's drive of an old growth forest, but do not know it. The ecology of these stands is engrossing. Fire scars on these trees, for example, provide an indisputable record of forest fire activity in Ontario. Small hemlock saplings, over 100 years old, have been growing at infinitesimal rates, waiting for a gap to open in the forest canopy.

A rich history of Canadian wilderness travel, "an utterly compelling collection," said The Globe and Mail, and "a gem – it absolutely sparkles," according to Canadian Geographic. Declared by the Canadian Historical Association to be the best book published of its year on the regional history of Canada's North. With essays by William C. James, C.E.S. Franks, George Luste, Margaret Hobbs, John Jennings, Shelagh Grant, Gwyneth Hoyle, Bruce W. Hodgins, Jamie Bendickson, Craig Macdonald, Jean Murray Cole, John Marsh and John Wadland.

Inspired by and drawing on Canadian exploration, Bob Henderson's newest book, *More Trails, More Tales*, strikes a balance with travel literature, history, geography, anthropology, literature, and philosophy. It will delight outdoor enthusiasts, serious naturalists, educators, and armchair travellers alike. It is essentially a storytelling book, highlighting Canadian stories and examining different aspects of heritage travel in Canada.

This book examines Aboriginal resistance movements on Canada, focussing especially on the Temagami and Oka blockades.

Temagami, located in northern Ontario (five hours north of Toronto by car) is a world-renowned canoe tripping destination featuring over 4,000 square miles of canoe country. The waterways of the Temagami region are particularly attractive since many of the routes form convenient trip loops. Hap Wilson compiles more than 25 canoe route descriptions, including hiking trails that cater to wilderness paddlers from beginner to expert. Climb Maple Mountain, camp at Centre Falls, listen to the wolves howl, or fish its fabled deep waters -- Temagami has it all. The Temagami region of northern Ontario has been a magnet for recreational canoeists since the 1890s, when city dwellers began embarking on long, gruelling trips to reach its unfettered wilderness. The land is steeped in the history of its tribal inhabitants, the Teme-Augama Anishnabai (TAA), whose roots are 6,000 years deep. At the turn of the 20th century, the TAA still hunted on their traditional family territories, trading pelts at the Hudson's Bay Company post on

Bear Island. The railway arrived in 1904, easing travel from all over North America. Steamships conveyed passengers to all five arms of the lake where rustic resorts and youth camps were popping up. Soon, the village of Temagami became a tourism hub. Logging and mining would later diversify the economy. The province of Ontario began leasing the lake's more than 1,200 islands in 1906. In 1931 cottagers united against logging near the mainland shoreline under the Timagami Association banner, now the Temagami Lakes Association. Temagami is the only Ontario lake where mainland shoreline development is banned Temagami Lakes Association: The Life and Times of a Cottage Community recounts Temagami's history to 2011, and examines the Association's often convoluted, occasionally controversial, relationships with the TAA, various levels of government, villagers and within its own ranks. The narrative is lightened by cottagers' tales of mice invasions, flesh-embedded fish hooks, encounters with big screen stars, cabin construction gone awry and the like. More than 150 photos enliven the text.
