"I was a farmhand, a merchant, a clerk, a boss, a theater director and a bank director; I lived in prisons and palaces, I knew poverty and abundance, I've traveled extensively on two continents, I've met all kinds of people and seen the human character in all its guises, and time and again I have been in the greatest danger. Amidst such a diversity of events, I had to undergo difficult times, but I'm definitely not complaining, and I believe that my life was a happy one, because I always saw the positive side of things." - P.T. Barnum A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' American Legends series, readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. Americans have loved traveling circuses for generations, and none represent the country's love for entertainment quite like the most famous of them all, the Ringling Bros. and Barnum & Bailey Circus. Circus promoters have long been viewed as somewhat shady hucksters, but none could top Phineas Taylor Barnum, who used a blend of traditional circus entertainment, freak show exhibits, and outright hoaxes to create "The Greatest Show on Earth". Barnum introduced America to Jumbo the Elephant, one of the most legendary acts in the history of the circus, as well as "exhibits" like Joice Heth, an elderly African American woman Barnum advertised as a 161 year old who nursed George Washington. He also notoriously perpetrated hoaxes with General Tom Thumb and claimed to have a live mermaid, so it's no surprise that Barnum is often apocryphally quoted as saying, "There's a sucker born every minute." While he didn't actually say that, he said something similar: "Nobody ever lost a dollar by underestimating the taste of the American public." In fact, Barnum had specialized in circus entertainment decades before traveling circuses were truly a national sensation, particularly thanks to the popularity of the Barnum American Museum in New York City. Barnum's museum offered something for everyone across its different halls, from poetic readings to animal exhibits, and all the while, Barnum was defiant when confronted by criticism, reminding people, "I am a showman by profession...and all the gilding shall make nothing else of me." Of course, Barnum was selling himself short by calling himself merely a showman, because during the course of his adventurous life, he was a shrewd businessman, a politician, and the country's most famous and notorious promoter of both entertainment and himself. American Legends: The Life of P.T. Barnum examines the life and career of the man most responsible for the kinds of circus entertainment that still fascinate Americans of all ages. Along with pictures of important people, places, and events, you will learn about P.T. Barnum like never before, in no time at all.

This book is a fast-paced, carefully documented, and rich biography of Barnum, the greatest showman of all time, the American from Bethel, Connecticut, whose eccentricities and oblique, cynical approach to humanity transformed entertainment into a big, incredibly profitable business. As bachelor, husband (twice), father, and grandfather, Barnum comes to life in Mr. Wallace's crowded pages, an exceedingly interesting and human man. Here, too, are New York City in all its nineteenth-century color, the London of Queen Victoria, and the Paris of Napoleon III. - Jacket flap.

By spring 1864, the administration of Abraham Lincoln was in serious trouble, with mounting debt, low morale and eroding political support. As spring became summer, a force of Confederate troops led by Lieutenant General Jubal Anderson Early marched north through the Shenandoah Valley and crossed the Potomac as Washington, D.C., and Maryland lay nearly undefended. This Civil War history explores what could have been a decisive Confederate victory and the reasons Early's invasion of Maryland stalled.

"Happiness Is Not My Companion" *The Life of General G. K. Warren* David M. Jordan The valorous but troubled career of the Civil War general, best known for his quick action to defend Little Round Top and avert a Union defeat at Gettysburg. Gouverneur K. Warren, a brilliant student at West Point and a topographical engineer, earned early acclaim for his explorations of the Nebraska Territory and the Black Hills in the 1850s. With the start of the Civil War, Warren moved from teacher at West Point to lieutenant colonel of a New York regiment and was soon a rising star in the Army of the Potomac. His fast action at Little Round Top, bringing Federal troops to an undefended position before the Confederates could seize it, helped to save the Battle of Gettysburg. For his service at Bristoe Station and Mine Run, he was awarded command of the Fifth Corps for the 1864 Virginia campaign. Warren's peculiarities of temperament and personality put a cloud over his service at the Wilderness and Spotsylvania and cost him the confidence of his superiors, Grant and Meade. He was summarily relieved of his command by Philip Sheridan after winning the Battle of Five Forks, just eight days before Appomattox. Warren continued as an engineer of distinction in the Army after the war, but he was determined to clear his name before a board of inquiry, which conducted an exhaustive investigation into the battle, Warren's conduct, and Sheridan's arbitrary action. However, the findings of the court vindicating Warren were not made public until shortly after his death. For this major biography of Gouverneur Warren, David M. Jordan utilizes Warren's own voluminous collection of letters, papers, orders, and other items saved by his family, as well as the letters and writings of such contemporaries as his aide and brother-in-law Washington Roebling, Andrew Humphreys, Winfield Hancock, George Gordon Meade, and Ulysses S. Grant. Jordan presents a vivid account of the life and times of a

complex military figure. David M. Jordan, a native of Philadelphia, a graduate of Princeton University, and a practicing attorney, has previously published biographies of New York political boss Roscoe Conkling, Union general Winfield Scott Hancock, and pitcher Hal Newhouser, as well as a history of the Philadelphia Athletics. This novel is about my own life experiences from birth till I became 19 years old. I consider 'that', about quarter of a normal human life span. In this book, I have tried to describe my family and my relationships with people as faithfully as I could. It may seem that I haven't held them in high esteem, but that is not true. I have always loved and respected my entire family. It is the situations that one needs to analyze and hold them to account.

The oldest substantial body of religious texts from ancient Egypt consists of the Pyramid Texts. These are hieroglyphic religious texts inscribed upon the interior walls of the pyramid tombs of kings and queens beginning around 2345 BCE. This book explores the Pyramid Texts.

Analyzes the intertwined metaphoric language of capitalism and disease in nineteenth-century England.

I believe hugely in advertising and blowing my own trumpet, beating the gongs, drums, to attract attention to a show, Phineas Taylor Barnum wrote to a publisher in 1860. "I don't believe in 'duping the public,' but I believe in first attracting and then pleasing them." The name P.T. Barnum is virtually synonymous with the fine art of self-advertisement and the apocryphal statement, "There's a sucker born every minute." Nearly a century after his death, Barnum remains one of America's most celebrated figures.

In the Selected Letters of P.T. Barnum, A.H. Saxon brings together more than 300 letters written by the self-styled "Prince of Humbugs." Here we see him, opinionated and exuberant, with only the rarest flashes of introspection and self-doubt, haggling with business partners, blustering over politics, and attempting to get such friends as Mark Twain to endorse his latest schemes. Always the king of showmen, Barnum considered himself a museum man first and was forever on the lookout for "curiosities," whether animate or inanimate. His early career included such outright frauds as Joice Heth, the "161-year-old nurse of George Washington," and the Fejee Mermaid-the desiccated head and torso of a monkey sewn to the body of a fish. Although in later years he projected a more solid, respectable image-managing the irreproachable "legitimate" attraction Jenny Lind, becoming a leading light in the temperance crusade, founding the Barnum & Bailey Circus-much of his daily existence continued to be unabashedly devoted to manipulating public opinion so as to acquire for himself and his enterprises what he delightedly termed "notoriety." His famous autobiography, The Life of P.T. Barnum, which he regularly augmented during the last quarter century of his life, was itself a masterpiece of self-promotion. "Will you have the kindness to announce that I am writing my life & that fifty-seven different publishers have applied for the chance of publishing it," he wrote to a newspaper editor, adding, "Such is the fact-and if it wasn't, why still it ain't a bad announcement." The Selected Letters of P.T. Barnum captures the magic of this consummate showman's life, truly his own "greatest show on earth."

This volume contains two books by P.T. Barnum, the most famous entertainer in history. The first is one of his biographies. "A Unique Story of a Marvelous Career: The Life of Hon. Phineas.T. Barnum "is the latest of three written in his life, and is considered the best one by many. In the second book, his treaty on Universalism, we are introduced to the religious creed and beliefs of this man, who, at the height of the anti-slavery fight, and as a congressman, said: "A human soul, 'that God has created and Christ died for,' is not to be trifled with. It may tenant the body of a Chinaman, a Turk, an Arab or a Hottentot - it is still an immortal spirit". A rare gem from a misinterpreted sage, this book is a must read.
