A Field Guide to Whisky is a one-stop guide for all the information a whisky enthusiast needs. With the whisky market booming all over the world, now is a perfect time for a comprehensive guide to this popular brown spirit. What are the basic ingredients in all whiskies? How does it get its flavor? Which big-name brands truly deserve their reputation? What are the current whisky trends around the world? And who was Jack Daniel, anyway? This abundance of information is distilled(!) into 324 short entries covering basic whisky literacy, production methods, consumption tips, trends, trivia, geographical maps and lists of distilleries, whisky trails, bars, hotels, and festivals by an industry insider. Boasting 230 color photographs and a beautiful package to boot, A Field Guide to Whisky will make a whisky expert out of anyone.

This authoritative book gives simple advice on how to enjoy the immense diversity of whisky, and how to become more adventurous with your choice of flavors and styles. Whisky is the world's favorite spirit and is enjoying booming sales, yet too often it is shrouded in mystery, myth and complex-sounding terminology. This book--written by three world-class experts--cuts through the jargon and offers first-rate advice on what to taste and try. It covers not just famous Highland malts, Irish pot still whiskeys, and American bourbons, but also whiskies from South East Asia, Japan, and Canada. Each entry includes a short description of the distillery, information for visitors, tasting notes, and flavor profiles of the best-known blends. The history of whisky and its production methods are clearly explained, and there is advice on how to nose, taste, and savor, as well as how to organize a whisky tasting. There is also a selection of classic whisky cocktails,

and advice on food pairing.

Winner of the André Simon John Avery award 'This book is incredible' - Alex Kratena An in-depth, personal journey around Japan's whisky distilleries. Award-winning author and Japanese whisky expert, Dave Broom, tells their story and unveils the philosophy that lies behind this fascinating whisky culture, and how it relates to many Japanese concepts. Dave looks at the history and output of each distillery, considering the elements that make that particular whisky what it is, and including tasting notes. Features on aspects of Japanese life and culture that are crucial to a wider understanding, from the importance of the seasons to the role of craftsmanship, add to the picture. And interwoven throughout the book is the fascinating narrative of the journey across Japan which Dave made with photographer Kohei Take, offering further insight into the country which creates this wonderful drink and making this a must-have edition for any whisky lover, whisky drinker, whisky collector or Japanophile.

This highly accessible and enjoyable guide is full of practical and fascinating information about how to enjoy whisky. All whisky styles are covered, including (just whisper it) blends. Along the way a good few myths are exploded, including the idea that whisky has to be taken neat. In 'What to Drink', Dave Broom explores flavour camps - how to understand a style of whisky - and moves on to provide extensive tasting notes of the major brands, demonstrating whisky's extraordinary diversity. In 'How to Drink', he sets out how to enjoy whisky in myriad ways - using water and mixers, from soda to green tea; and in cocktails, from the Manhattan to the Rusty Nail. He even looks at pairing whisky and food. In this spirited, entertaining and no-nonsense guide, world-renowned expert Dave Broom dispels the mysteries of whisky and unlocks a whole host of exciting possibilities for this magical drink.

'You could not write a more sophisticated book or pack more detail onto each page...it is rocket science impressive' Huffington Post In recent years, gin has shed its old-

## Read Online The Way Of Whisky A Journey Around Japanese Whisky

fashioned image and been reborn as a hot and hip spirit. The number of brands grows every day and bartenders - and consumers - are now beginning to re-examine gin as a quality base spirit for drinks both simple and complex. Now, with more brands available than ever before, it is the time to set out what makes gin special, what its flavours are and how to get the most out of the brands you buy. With this book as your guide, discover: How gin is made What a botanical is and how they impact a gin's flavour What the difference between Dutch, London, Scottish, Spanish and American gins is How you drink them to maximise your pleasure Whether there is life beyond the gin & tonic (yes!) The body of the book covers 120 gins which Dave has tested four ways - with tonic, with lemonade, in a negroni and in a martini - and then scored. In addition, each gin is categorised according to an ingenious flavour camp system, which highlights its core properties and allows you to understand how you can best drink it, and therefore enjoy it.

Look at the back label of a bottle of wine and you may well see a reference to its terroir, the total local environment of the vineyard that grew the grapes, from its soil to the climate. Winemakers universally accept that where a grape is grown influences its chemistry, which in turn changes the flavor of the wine. A detailed system has codified the idea that place matters to wine. So why don't we feel the same way about whiskey? In this book, the master distiller Rob Arnold reveals how innovative whiskey producers are recapturing a sense of place to create distinctive, nuanced flavors. He takes readers on a world tour of whiskey and the science of flavor,

## Read Online The Way Of Whisky A Journey Around Japanese Whisky

stopping along the way at distilleries in Kentucky, New York, Texas, Ireland, and Scotland. Arnold puts the spotlight on a new generation of distillers, plant breeders, and local farmers who are bringing back long-forgotten grain flavors and creating new ones in pursuit of terroir. In the twentieth century, we inadvertently bred distinctive tastes out of grains in favor of high yields—but today's artisans have teamed up to remove themselves from the commodity grain system, resurrect heirloom cereals, bring new varieties to life, and recapture the flavors of specific local ingredients. *The Terroir of Whiskey* makes the scientific and cultural cases that terroir is as important in whiskey as it is in wine.

Fourth edition, fully revised and updated. 101 Whiskies to Try Before You Die is a whisky guide with a difference. It is not an awards list. It is not a list of the 101 'best' whiskies in the world in the opinion of a self-appointed whisky guru. It is simply a guide to the 101 whiskies that enthusiasts must seek out and try in order to complete their whisky education. Avoiding the deliberately obscure, the ridiculously limited and the absurdly expensive, whisky expert Ian Buxton recommends an eclectic selection of old favourites, stellar newcomers and mystifyingly unknown drams that simply have to be drunk. The book decodes the marketing hype and gets straight to the point; whether from Canada, India, America, Sweden, Ireland, Japan or the hills,

glens and islands of Scotland, here are the 101 whiskies that you really want. Try them before you die - Slainte!

Shortlisted for the Fortnum & Mason Drink Book award. This is a book about how to drink rum of all kinds. It's about classic rums and new-generation rums, about rum agricole and about premium aged rums, about rums from all over the world. It's about rum enjoyed with cola and ginger beer. About the best rum for a classic daquiri. About rum cocktails that ooze style and personality. Above all, it's about enjoying your rum in ways you never thought possible. The premium rum market is growing at an astonishing rate. The mission of this book is to help drinkers appreciate this complex spirit, find the style they like and discover how this versatile spirit can best be enjoyed. It will help you to understand your rum - how it's produced (whether from molasses, cane syrup or cane juice) and whether it's dry, sweet, fresh or oaky. More than 100 different rums are featured and analysed, from rich, sweet mellow Guyana rums to the vegetal peppery rums of Martinique or Guadeloupe and contemporary spiced rums. Dave Broom provides a description and graded tasting notes for each brand, allowing you to create the perfect mix every time. Finally, a selection of classic and contemporary cocktails shows just how wonderfully versatile this spirit is.

In the populist tradition of Andrea Immer, New York

City's first female whiskey sommelier translates today's hottest spirit for a new generation of imbibers. Whiskey is in the midst of a huge renaissance. Ten years ago, the United States housed sixty-nine craft distillers; today, there are more than four hundred. Exports of Scotch whisky grew 12 percent just last year. Sales are skyrocketing, and specialty bars are popping up around the country, from New York City to Chicago to Houston. Yet whiskey drinkers—especially novices—are more confused than ever. Over the past decade, whiskey expert Heather Greene has been bombarded with thousands of questions, including: Can I have ice in my whiskey? Why is it sometimes spelled "whisky"? What makes bourbon different? As New York City's first female whiskey sommelier, Greene introduces audiences to the spirit's charms and challenges the boys' club sensibilities that have made whiskey seem inaccessible, with surprising new research that shows the crucial importance of "nosing" whiskey. Through lively tastings, speaking engagements, and classes such as the popular "Whiskey as an Aphrodisiac," Greene has been demystifying whiskey the way Andrea Immer did wine a decade ago. In this lively and authoritative guide, Greene uses bright visuals, an easy-to-read format, and the familiar vocabulary of wine to teach readers about whiskey and encourage them to make their own evaluations. Peppared with wry anecdotes

drawn from her unusual life—and including recipes for delicious cocktails by some of today's most celebrated mixologists—Whiskey Distilled will be enthusiastically greeted by the whiskey curious as well as by journeymen whiskey drinkers thirsty to learn more about their beloved tippie.

An authority on Scotch whisky An ideal addition to a collection of whisky books for beginners or whisky distilling books Fantastic gift for any whisky lovers Have you ever wondered why Scotch whisky tastes the way it does? Have you ever questioned the history of whisky and how its flavor notes have changed over the years? If so, then this book is for you! The flavor of Scotch whisky is influenced by a combination of history, craft, science, and tradition. Whether it is single malt Scotch whisky, dalmore whisky, or peat whisky, you will learn something about it in this book. This book on scotch is also a compendium of curiosities! Learn about bottles of scotch, including orbit bottle labels, whiskey green labels, and more. Whiskypedia also outlines information about individual distilleries. Each one provides their whiskies with unique characteristics. They are grounded in the craft and custom of the distillery and its district, but the real key influences on the flavor are how the spirit is matured, the distilling equipment itself, and how the distilling equipment is operated. This guide explores all of those influences and more. Whiskypedia is the first

Like many Scottish traditions, the production of malt whisky is shrouded in romance and history. This visually stunning guide takes us, region by region, to 100 of Scotland's distilleries, imparting a wealth of insights into the industry along the way. The book looks not only at what whisky is, but also at what makes it so special. Produced with the full cooperation of leading distillers, it reveals the entire process of making whisky. It also explains label jargon, examines the various whisky-producing regions, describes all the distilleries in detail, and provides information for visitors. Highly illustrated with outstanding color photos, Malt Whisky will please both connoisseurs and whisky-loving novices.

...what? Whisky made in Japan?...seriously? This is the

## Read Online The Way Of Whisky A Journey Around Japanese Whisky

kind of remark one could often hear in the past when people (specially in the West) were offered an alternative to Scottish whisky. But here is the good news: times have changed, and for the better! As a matter of fact, you may now happen to hear more often something along these lines: ...what, you ran out of my favourite Yamazaki?...seriously?Some people first learned that Japan was making whisky with "Lost in Translation", a Sofia Coppola movie from 2003. Some other do not realise that Japan not only has its own single malt and blended whiskies, but it is the world's third largest producer (of whisky) behind the Scots and the Americans effectively surpassing the Irish!But what makes Japanese whisky so special that it is now one of the most expensive spirits worldwide? What are the differences with a Scottish (or American) whisky?How come that "The Whisky Bible", the most known magazine in the whisky world, elected a Japanese, the Yamazaki Sherry Cask 2013, as its 2015 "World Whisky of the Year"?We'll see all of this and more in this book!Answering these questions, will lead us through a fascinating journey into the (drinking) culture of Japan: from its origins, all the way to the creation of one of the most refined spirits ever produced by mankind. Whether you're a whisky aficionado or not even a drinker, whether you're a Nippon fan or simply curious about the story behind some of the most expensive drinks in the world, you'll enjoy reading this book!Kampai!

From their restaurant in Speyside the authors have created a range of recipes, each using Scotch whisky to compliment or contrast the food.

## Read Online The Way Of Whisky A Journey Around Japanese Whisky

throughout Scotland, Ireland and England. It took him two exhaustive years. In this book you will see the distilleries through his eyes. His detailed descriptions of every step in the distilling process is work that remains unparalleled to this day. But that's only part of the story. As he and his companions traveled the countryside, he fell in love with Scotland and all its grandeur as well as the lush landscapes of Ireland. As you read through this book - presented as an ebook for the very first time - you'll fall in love, as well. Part technical document and part travelogue, you're almost getting two books in one intertwined volume. Granted, this text lacks the visual beauty and splendor of the fine print editions, but the words stand up on their own and will transport you to a Victorian adventure that was, is and always will be one of a kind. This edition does not contain the additional writings of Alfred Barnard that are found in recent print editions, just the text of his original book. There are two additional chapters from his writings giving added detail for Glenglassaugh and Glenfarclas.

Pour a stiff drink and crack open this comprehensive guide to everything there is to know about the world's greatest whiskeys. Exploring the traditions behind bourbon, Scotch, Irish, and even Japanese whiskey, you'll discover how unique flavors are created through variations of ingredients and different distilling techniques. With advice on how to collect, age, and serve whiskey, as well as suggestions for proven food pairings, you'll be inspired to share your knowledge and invite your friends over for a delicious whiskey tasting party.
