First Second is very proud to present Nursery Rhyme Comics. Featuring fifty classic nursery rhymes illustrated and interpreted in comics form by fifty of today's preeminent cartoonists and illustrators, this is a groundbreaking new entry in the canon of nursery rhymes treasuries. From New Yorker cartoonist Roz Chast's "There Was a Crooked Man" to Bad Kitty author Nick Bruel's "Three Little Kittens" to First Second's own Gene Yang's "Pat-a-Cake," this is a collection that will put a grin on your face from page one and keep it there. Each rhyme is one to three pages long, and simply paneled and lettered to ensure that the experience is completely accessible for the youngest of readers. Chock full of engaging full-color artwork and favorite characters (Jack and Jill! Old Mother Hubbard! The Owl and the Pussycat!), this collection will be treasured by children for years to come.

Four Goosebumps Graphix tales by master of horror R. L. Stine are adapted into full-color comics and feature a brand-new Slappy story by bestselling author, Dave Roman. In "A Shocker on Shock Street," Jamie Tolagson captures the chilling tale of a brother and sister doing their dream job: testing rides in a movie studio theme park, where the special effects are REALLY special. With his shadowy illustrations, Gabriel Hernandez creates the perfect atmosphere in "The Werewolf of Fever Swamp," a spooky story about a boy and his dog who go sniffing around in a lonely swamp . . . and wish they hadn't. Ted Naifeh is at his creepy best in "Ghost Beach," a scary ghost story about a brother and sister who investigate a local legend and discover a terrible secret about their family. Finally,

High school drama! Pirates! Emotions! The Ignatz Award-winning comic about a young man who has the power to turn into a boat is back in a new full-color graphic novel, with a never-before-seen story that combines all the ANGST of being a teen with all the THRILL of being a boat!

We all, as children, saw imaginary friends and heard monsters in the closet. But for Suzan Saxman, those friends and monsters didn't go away—and they weren't imaginary. They were the dead who came to her from the time she was a little girl with urgent messages for the living. Raised in a house filled with secrets, she saw and spoke the truth as soon as she could talk, alarming the nuns in her convent school with her revelations and terrifying her own mother with her strange visions. Each night she woke to see a man with no eyes watching her, and each day she kept watch by the window while her father was at work and Steve, her real father, a swarthy drifter, rendezvoused with her mother. It was the 1960s in suburban Staten Island and she tried to hide it all, and be a daughter her mother could love. Always skeptical of her tremendous gift, she struggled to come to terms with her calling even as she revealed the destinies of everyone,

from housewives to hit men, stockbrokers to rock-and-rollers. She could witness everyone's future—everyone's but her own. Why was she visited by angels and demons? Could she ever escape this strange fate? Where was her own soul mate? Now Suzan tells the story of her journey and tries to make sense of her family's buried secrets. Through powerful readings of others' destinies interwoven with compelling narrative, a reluctant psychic emerges from the shadows.

\*\*\*AS FEATURED ON NPR'S TALK OF THE NATION\*\*\* Imagine the worst thing in the world. Picture it. Construct it, carefully and deliberately in your mind. Be careful not to omit anything. Imagine it happening to you, to the people you love. Imagine the worst thing in the world. Now try not to think about it. This is what it is like for Fletcher Wortmann. In his brilliant memoir, the author takes us on an intimate journey across the psychological landscape of OCD, known as the "doubting disorder," as populated by God, girls, and apocalyptic nightmares. Wortmann unflinchingly reveals the elaborate series of psychological rituals he constructs as "preventative measures" to ward off the end times, as well as his learning to cope with intrusive thoughts through Clockwork Orange-like "trigger" therapy. But even more than this, the author emerges as a preternatural talent as he unfolds a kaleidoscope of culture high and low ranging from his obsessions with David Bowie, X-Men, and Pokemon, to an eclectic education shaped by Shakespeare, Kierkegaard, Catholic mysticism, Christian comic books, and the collegiate dating scene at the "People's Republic of Swarthmore." Triggered is a

pitch-perfect memoir; a touching, triumphantly funny, compulsively readable, and ultimately uplifting coming-of-age tale for Generation Anxiety. Fletcher Wortmann on OCD and sex: "If a girl accepts an invitation to help count the tiles on your bedroom ceiling, then she will probably be disappointed when she realizes you were speaking literally." ...on OCD and religion: "I have found Catholicism and obsessive compulsive disorder to be deeply sympathetic to one another. One is a repressive construct founded in existential terror, barely restrained by complex, arbitrary ritual behaviors; the other is an anxiety disorder." ...on OCD humor: "By the sink, I noticed a perfunctory sign warning readers to wash their hands. It was scrawled with graffiti: NO YOU CAN'T GERMS ARE UNPREVENTABLE AND INESCAPABLE." ...on the seductiveness of OCD: "Every so often, everything will work, and you will somehow convince yourself that you are safe, and the disorder will claim credit. I had struck a bargain with the OCD. The transaction was complete. In that moment I became subservient to it."

Teaching Young Adult Literature: Developing Students As World Citizens (by Thomas W. Bean, Judith Dunkerly-Bean, and Helen Harper) is a middle and secondary school methods text that introduces pre-service teachers in teacher credential programs and in-service teachers pursuing a Masters degree in Education to the field of young adult literature for use in contemporary contexts. The text introduces teachers to current research on adolescent life and literacy; the new and expanding genres of young adult literature; teaching approaches and practical strategies for using young adult literature

Cinema is an affective medium. Films move us to feel wonder, joy, and love as well as fear, anger, and hatred. Today, we are living through a new age of sensibility when emotion is given priority over reason. Yet, there is a counter-cultural current in contemporary American cinema that offers a more nuanced treatment of emotion. Both aesthetically and eidetically, this new cinema of affect allows viewers to make up their own minds about what they feel and think. This book focuses on key films by important auteur-directors--David Fincher, Bryan Singer, Christopher Nolan, Kathryn Bigelow, Richard Linklater, Barry Jenkins, Greta Gerwig, and Pete Docter--who are to the forefront of this new cinema. It explores how they anatomize affect and how it functions in the creation or degradation of character and society.

Published in partnership with the Library of Congress, *Drawn to Purpose: American Women Illustrators and Cartoonists* presents an overarching survey of women in American illustration, from the late nineteenth into the twenty-first century. Martha H. Kennedy brings special attention to forms that have heretofore received scant notice--cover designs, editorial illustrations, and political cartoons--and reveals the contributions of acclaimed cartoonists and illustrators, along with many whose work has been overlooked. Featuring over 250 color illustrations, including eye-catching original art from the collections of the Library of Congress, *Drawn to Purpose* provides insight into the personal and professional experiences of eighty women who created these works. Included are artists Roz Chast, Lynda Barry, Lynn Johnston, and Jillian Tamaki. The artists' stories, shaped by their access to artistic training, the impact of marriage and children on careers, and experiences of gender bias in the marketplace, serve as vivid reminders of social change during a period in which the roles and interests of women broadened from the private to the public sphere. The vast, often neglected, body of artistic achievement by women remains an important part of our visual culture. The lives and work of the women responsible for it merit much further attention than

This edited collection focuses on the X-Men film franchise, with essays that considers the movies as popular culture products. Chapters in this volume address various aspects featured in individual films or throughout the series. The essays discuss such topics as gender, race, class, sexuality, disability, and a sense of “otherness” that pervades the franchise. Although the book focuses specifically on the X-Men films, an analysis that considers the X-Men's transformation from comics to movies will be included.

Among both fans and the academic community, there is a general assumption that the X-Men franchise is one of the most progressive and inclusive superhero comic books that has been published. However, this study challenges such assumptions, revealing

that there is an unfortunate trend throughout the majority of the title's history: Minority characters are most likely to be villains, female characters are most likely to be supporting cast members, and white males are most likely to be members of the X-Men.

"Goes into extensive detail about the individual characters starting from their origins and their transition and evolution through the decades...makes for fascinating reading"—Collector's Corner The X-Men comic book franchise is one of the most popular of all time and one of the most intriguing for critical analysis. With storylines that often contain overt social messages within its "mutant metaphor," X-Men is often credited with having more depth than the average superhero property. In this collection, each essay examines a specific era of the X-Men franchise in relationship to contemporary social concerns. The essays are arranged chronologically, from an analysis of popular science at the time of the first X-Men comic book in 1963 to an interpretation of a storyline in light of rhetoric of President Obama's first presidential campaign. Topics ranging from Communism to celebrity culture to school violence are addressed by scholars who provide new insights into one of America's most significant popular culture products.
